ENTHUSIASTIC BOARD OF TRADE BANQUET

We have a good stock of

Penman's Fleece-lined Underwear

In two-piece and combinations. This underwear need not be described. Anyone who wears it knows its closeness of texture, softness and warmth. Also STANFIELDS PURE WOOL UNDERWEAR. For men in two-piece and combinations, in different weights and knitting.

Stanfields Underwear needs no praise. Seventy-five per cent of the people in the country who wear woollen underwear, wear Stanfields. If you happen not to be one of them, ask your neighbor, he will tell you that for length of Service, Purity, Comfort and easy washing there is no better underwear made.

We handle other brands of underwear as well, but certainly recommend Stanfields for wool, and Penmans for fleeced-lined.

A few, size 44, men's Red Label pure wool undershirts to clear, and have cut the price on them to the bone, and deeper yet. Regular \$2.75, Sale price \$1.45

R. J. ROLLIS & Co. Ltd.

Phone: Office 55, Residence 36

Thirty-nine business men of Three Hills set down to the annual Board of Trade banquet, held in the large dining room of the Three Hills Hotel. Mr. Bay is to be highly congratulated for the really nice manner in which everything was prepared for the comfort and enjoyment of his guests. The dinner was superb, and no supper was shown. It is to be thanked for the tremendous appetites with which our people are blessed. The way the chicken and turkey and cranberry sauce disappeared was wonderful. You looked, and there was a large dish of turkey and chicken in front of you; you looked again and it was gone. One can well appreciate the social tragedy of sitting in front of such a dish without teeth.

The ladies were served back and all gathered around for the election of officers, reports and speeches. President A. J. Robertson gave a most excellent, long and interesting report of the work of the board during the past year. The outstanding feature of which was the good work done in getting the regular train service restored on this branch. The new telephone office, subject to electric light plant, provincial police barracks, cemetery, tanks, etc., were some of the things reviewed.

The treasurer's report revealed a balance in hand of \$111.00.

The secretary's report gave the membership for 1925 of 25.

The election of officers followed: President, A. J. Robertson.

Vice Pres., A. J. Manning.

Ed V. Fox, L. J. Kallenberg.

Times, H. T. House.

Secretary, C. H. Lottley.

A special committee, Messrs A. J. Robertson, A. J. Manning, and A. Smith, were appointed to audit the standing committee.

Mr C. P. McInnes kindly offered his services as auditor.

Speeches were then made, and Mr. W. E. Reiter was called upon. He gave a most interesting talk on the magnitude of the business men in any work they undertake; he spoke so strongly and favourably of the prohibition and prospects of this town and district, it was felt at the close that the price of all town property and farm lands had gone up. Every member present was called upon for a few remarks, and the remarks were varied, running all the way from laudatory to an urgent demand for more gravel, and a few of those most worthy of immortality we give below:

"I am too full for words."—Joe Bates

"When I am home I have not the privilege of doing the talking, and when I am out I don't want to."—T. J. Kelly

"I am the man most fitted to be the second vice president of the Board of Trade of any man present."—L. J. Kallenberg.

"I have lived so long in this country to speak about it."—Ed Huxley

Report of the Cemetery Comm.: "It slipped my memory." A. Shelton

"Christmas festivities interfered." H. T. House

"I forgot all about it."—A. J. Manning

"I saw five farmers and got ten dollars from each of them."—A. R. Putnam (prolonged cheers).

The warm weather split the curling for New Year's holiday. A few short games were played on New Year's morning, the ice getting too soft towards afternoon.

The necessity of an election for Village Council was obvious by the withdrawal of three members, leaving Messrs A. Shelton, J. Noh and A. R. Putnam elected by acclamation.

A slight alteration in the arrival of the train has taken place. The train from the south gets in at 11.40, while the train from the north arrives at 9.54 p.m.

CURLING

After a long wait for suitable weather, the local curlers played their first house game Saturday or evening last when Skellett sent up a pretty strong rush, but he proved a little too much for the Three Hills. The first few ends was fairly even, but as Skellett and the house located their gradients even to the front, the score ending up 13-9 for the house. As soon as Three Hills get their fourth caps it looks like there'll be something doing.

HOCKEY

A swift game was played up at Trochu Thursday when Three Hills put it all over the northern boys with a score of 7 to 3. The local team as usual took a little time to get warmed up, the first period ending 2-2. The rest added two more goals for Three Hills, with the final producing three more and one for Trochu.

The local boys were improving fast and ought to have the makings of a pretty fast team. Arrangements are being completed to hold a big hockey carnival in about two weeks time, in which it is expected the curlers will co-operate and a civic hall should be announced. Every-body's ready for hockey time.

The installation of officers for the local Rebekah took place last week as follows:

Last Friday afternoon, W. C. T. U. held their monthly meeting at the home of Mrs. S. J. Robertson. Rev. Seibel gave a short address on the great need of prohibition and the improvements which can be made in the least concerning the liquor question. A contribution was not asked in the Provincial Prohibition Committee. In the near future Three Hills is to be visited by Miss McCorkingdale, an Australian lecturer and world wide temperance speaker.

A convention of the District Constitution Co-operative Association was held at Drumheller on the 15th when a candidate was chosen for the forthcoming provincial election. Mr. R. P. Williams, of Drumheller, being the choice. Officers were elected as follows:

FLOUR

We recently got in a consignment of ROBIN HOOD FLOUR

In 10, 15, 25 and 35 lb. as well as a complete assortment of Robin Hood Breakfast Foods.

Robin Hood Flour, as most of you know, is considered the best flour in the country. It is the finest flour, taking in more water and giving out more loaves of bread than any other flour in the country, consequently it is the cheapest flour to buy.

The most city bakers are using Robin Hood Flour for pastry. If you are having your flour milled, try a 25 lb. sack of Robin Hood Flour for your pastry, you will say that it better.

Robin Hood Flour costs in the mill, the same as the 25 lb. sack, more than any other flour known. So when you are selling it at the SAME PRICE as other brands of flour, and you are not giving you no more, why then not use the best? Really why not?

BOARD OF TRADE

The Three Hills Board of Trade held its regular monthly meeting on Monday, the first of the month with a full attendance and the President in the chair. The minutes of the annual meeting Jan. 4th were read and adopted without comment. The resolutions for the coming year were adopted. The report from the committee financing a new auditor did not show much progress. Mr. Paterson reported that he had raised the amount from \$50 to \$65. There were no bills or correspondence to be dealt with.

The President, Mr. A. J. Robertson, drew attention to the fact that the Calgary Board of Trade had had a lecturer down from the University, addressing them on a very interesting subject, and suggested that we do likewise. The plan was favored, especially if the subject was of sufficient interest to attract the farmers of the district also, and providing the expense was not too great. A committee was appointed to make the necessary arrangements and use their own discretion as to subject and the amount of expense. The under-merchants' meeting of wheat and hay prices was mentioned and discussed, when the Board was informed that the subject was to be mentioned at the next Council Meeting. The meeting then adjourned.

RED CROSS LECTURE

A large number of townspeople and visitors from the country attended the lecture last Friday evening when Mrs. Conquest of head quarters Red Cross, Calgary, gave a particularly interesting talk on the work of the society. The lecture was in a hall well illustrated with slides, but unfortunately the light from the lantern, and the lecture itself, was not very clear. The lecturer, Mrs. Conquest, gave a very interesting and personal experience of the good work being done in the military hospitals of the present, as well as in the cities and towns. Mrs. Conquest also made of the world wide work of the Red Cross, for it goes everywhere without distinction of race or creed or party.

The object of the lecture was not to raise money at the moment, but to educate a local branch which would be consistently working in co-operation with the parent organization, for the relief of distress or suffering where ever found.

That the lecture aroused the interest and sympathy of her audience was plainly evident, and arrangements were quickly made for a meeting of representatives of the various organizations in town to discuss the proposed local branch for Three Hills district.

Mrs. Conquest described the work and operation of the Junior Red Cross Hospital at Calgary, where very little are cured with the most deadly cases. For \$200 per year a bed could be endowed, and the lecturer suggested how easy it would be if Three Hills district could endow such a bed, which would, by a small card in the head, be always known as the Three Hills bed. There are at present two cases in town needing particular attention, one of which will be taken down very soon.

We are glad to report that the proposed meeting of representatives was held Monday last and arrangements were made to hold a public meeting in the Lyric Theatre this Friday evening, at 8 o'clock, to talk over the work and organize the necessary association. It takes the ladies to do things.

Next Tuesday is the big hockey tournament in town and all stores will be closed in afternoon.

A meeting of the poultry and piggers will be held at McFar's office on Saturday afternoon next at 2.30 for the purpose of appointing a poultry shipper.

FOUR introduces NATIONAL PAYMENT PLAN

For tenants on farms the Ford Motor Co. of Canada, Ltd. has pioneered in the field of owner transportation, doing every possible thing to make quality cars available to the farmer. Having made it possible to own a car, the farmer is now, under the greater number of people are being benefited and afforded the same opportunity.

In line with this policy, a new and unique loan payment plan has been introduced which makes it possible for the farmer to own a car. The value of the National Term Payment Plan because the payments are the same as regular hire from Halifax to Vancouver. This then allows the farmer to defer the payment of the car until the end of the season and the installment required to buy the car.

You pay only the adjusted amount as required. All Ford automobiles are most valuable in this plan from your authorized Ford dealer in conjunction with Traders' Finance Corp. a Ltd.

BOARD OF TRADE

The Board of Trade held its regular meeting Monday evening last but owing to so much sickness so taken there was only a small attendance. The minutes of previous meetings were passed and a bill from the Village was referred to the Finance Committee.

The president reported that owing to sickness and other causes, it had been impossible to arrange for the proposed lecture, but that it could be arranged for the next meeting, April 2nd.

Mr. L. P. Bosch introduced the subject of community building as sponsored by the C.P.R. and the matter was discussed and left over to a larger gathering.

The question of the distribution of the recent further order for two hundred thousand tons of coal for Ontario was mentioned, and the secretary was asked to write Mr. Strickland requesting that the two local mines be allotted their fair share of the order.

The question of advertising Three Hills and Three Hills coal in the province was formally discussed, the evident feeling being that it would be good business to do so.

A further order for two hundred thousand tons of coal has been received by Ontario. The Dominion, Alberta, and Ontario Governments are sharing the railroad's loss of \$1.97 per ton freight rate.

It has come to the attention of the Alberta Dept. of Agriculture that a large percentage of grain in the province is displaying poor germination qualities. It is most important that, before seedling time arrives, the farmers should have their seed thoroughly tested for germination. This can be done for a nominal fee by sending samples to the Dominion seed branch office at Calgary. It is believed that there is plenty of good quality seed in the province to fill all demands, but it is important that farmers make certain of the quality of their seed before sowing. Those who have not made arrangements for seed or who have not seed available may secure high quality seed through the provincial marketing at Edmonton.

The Alberta Pacific Elevators, of which the Spillers' interests owned 51 per cent of the shares, has been sold to a newly organized company. The Spillers are still proceeding with their flour milling operations in western Canada.

It was announced in the Alberta Parliament last week that the Provincial telephone system has turned a corner, and that it is practically on a paying basis, without any increase in the rates.

The price of wheat shipped to a bushel on the Winnipeg Market, Monday.

The electric light engineer of Carbon, Albert (Oxychuk), was accidentally killed Saturday last when, while climbing a pole, he was "kicked around the shaft."

The total production of coal in Alberta last year was over half a million tons greater than 1924, while the total number of miners working was less by 803 than 1924.

According to Northern Alberta records, this is the mildest winter for the past 125 years.

1999) and he has taught them to be as he is, perhaps the greatest lesson he has learned as a leader. The government in the day turned away from justice, the war, and how best to deal with the war was not the central business of the state. He sought to contribute to public debate instead of remaining in the hands of the powers that be, who perceived them. Whether the question of taxation was discussed, said Mr. Webb, the state had to be responsible for certain expenditures and liabilities during the war that these liabilities were not to be paid off until they would continue to be a burden on the public at a certain time, he said.

PROSPECTS ARE GOOD FOR SEEDING.

Prospects for spring seeding were never better than at the present time. Warm weather has melted the snow and taken the frost out of the ground. Light snow falls have continued over snow, the moisture all going into the ground. The heavy rains of last fall penetrated to a considerable distance, and it still there. Practically no fall plowing was done, but there is plenty of ammoniation, and with anything like favourable weather a considerable increase in seeding will be done.

The Dominion Government has, during the past two or three years, been carrying out some extensive experiments with the new Garret about which is reported to equal or better Marquis both in yield and milling quality, and to ripen five to ten days earlier. A limited quantity of this new wheat is now available for distribution this year, and two bushels were secured from the Three Mills Capital and taken over by Geo. Ross who will test it out for the district.

And now comes the oil fever. It appears to be more catching than the measles. No amount of sensible fact or quantitative results is able to check its spread. But the more apt to be the most easily affected, this time and more a simple and healthy machine, about the importance of which the oil makes it talk with apparent ease. And then are making good this time too if all reports are to be believed. Of course one must not let his horse, but some stand still, others, when they see the horse, and not know their horse, they are not so sure of their footing. They are along the line, making a great deal of noise, and the machine is not so sure of its footing. The machine is not so sure of its footing, and the machine is not so sure of its footing. The machine is not so sure of its footing, and the machine is not so sure of its footing.

Gravel, stone or sand—I am prepared to deliver to me at any reasonable time in any quantity. W. A. Grant, phone 712

Domestic Revenue Increasing

Figures Show Government's Gain Over

Additional figures from the Dominion Government's report on domestic revenue for the year 1925-26 show a gain of \$1,000,000 over the year 1924-25. The gain is due to an increase in the revenue from the excise duties on alcohol and tobacco, and from the revenue from the excise duties on the sale of the public lands.

Made-to-Measure Suits or Overcoats
This spring think of J. LIPKIND

Think of the stockiest who has successfully measured more men for clothes than he has for his head. You take no chance now when you go to the tailor. You get the best of the garment on and think that it does fit you perfectly. You need not accept it as being otherwise.

Our materials are of the best and workmanship the finest. Our Made-to-measure Clothes are made by the Fit Ribbon people, the best clothes makers in the country.

Our prices, too, are right, for there are no unending expenses or extra conditions in connection, and our profit is most moderate indeed.

SEEDING COMMENCES

TUESDAY LAST

Each farmer engaged on the land Tuesday morning (14th inst.) early but with a cold day, which made everything go very slow. There is a plenty of money in the ground, plenty of money in the country. (The weather is good, but it is cold.)

Good Health Is Within
Reach Of All Who Observe

"I've been told that he's not a very good person," said the man. "I've been told that he's not a very good person."

There is a very real reason why so many people find the new book interesting: both — as a, by definition, fiction — and — as a, by definition, history. They have found

Michael J. Rasmussen, DVM, MS, and his colleagues at the University of Illinois at Urbana-Champaign have found that the amount of natural fiber in the diet can make a significant difference in the amount of natural fiber in the intestines, making regular easy elimination of the bowel contents difficult.

Under such circumstances problems from the waste matter that remains behind, as excreted by the liver and absorbed by the system, contribute to maintaining the general health and vitality.

Little Helps For This Week

And in the hall's end we only see:
We walk in the dead Lord's company
We share his fate if we have sense
And out of the storm He brings a calm
And you need know me, my child
You have thought the thought that
inspired, you have spoken the words
you set forth in *Sahel* on my side
the battle against all, and yet

...and have been going
to do so while I was standing by
your side, and giving you the strength
to speak and think a life which you
found to be your own. Look at me now,
and see if I am not better than the
images that have hid me from you.

is difficult to imagine a doctrine as divergent as the
one we have just read. It is, however, that which is
the ground of the present-day movement in the
United States, a movement which is not only
a religious movement, but a political movement, a
movement which is not only a religious movement,
but a political movement, a movement which is not
only a religious movement, but a political movement.

The Resources of an Empire!

For Present and Future Development in the Province of Alberta

DAME NATURE has been kind to the Province of Alberta. No Province of Canada occupies so strong a fundamental position in Alberta. With its great wealth of agricultural and other resources, the development of which has only just begun. Surely then, with so sure a basis for faith and confidence in the future, the people of Alberta need not hesitate to face the problems that arise, nor to join in the shoulder-to-shoulder movement for the intelligent promotion of the development of these great resources. Knowledge of these resources is all that is necessary to create confidence. It is for this reason that this newspaper presents below a brief review of Alberta's wealth and possibilities.

20 Years of Progress in Alberta

	1900	1920
TOTAL VALUE AGRICULTURAL PRODUCTS	\$20,000,000	\$256,000,000
WHEAT PRODUCTION	3,000,000 Bush.	103,000,000 Bush.
DAIRY PRODUCTS, VALUE	\$ 1,000,000	\$ 23,000,000
CATTLE PRODUCTION	21,000,000	5,000,000
MILES OF RAILWAY	1,000 Miles	4,800 Miles
POPULATION	200,000	670,000

AREA—354,000 square miles, twice as large as the British Isles, larger than Germany. Population 2.3 to the square mile, compared with 180 per square mile in the British Isles, 141 in France and 128 in Germany.

AGRICULTURAL LANDS—More than 600,000,000 acres of fertile lands capable of cultivation still uncultivated.

FREE HOMESTEADS—More than 15,000,000 acres of land still open for free entry.

IRRIGATION LANDS—One million acres now under irrigation, three million more capable of irrigation.

COAL—Largest coal reserves of any similar size in the world. Alberta has 14 per cent. of the world's coal reserves. 72 per cent. of the British, ample coal reserves and 87 per cent. of Canada's reserves.

NATURAL GAS—Four large fields now operating, supplying four cities and several towns with gas fuel.

OIL—Two productive fields, one containing the richest productive oil well in the world, bringing 150,000 barrels monthly, of almost pure napalm, in the Turner Valley. In the Wainwright field wells producing 80 to 150 barrels a day crude petroleum, and yields promising. Other fields being developed.

TIMBER—6,000,000 square miles of merchantable timber, including 270,000 cords of pulpwood.

TAR SANDS—15,000 square miles of rich tar sands, suitable for paving material or oil extraction.

OTHER MINERALS—Include salt, petroleum, clay for ceramics, building stone, etc.

WATER POWER—Unlimited and available estimated at 1,750,000 horse power.

FISHERIES—Extensive commercial fish possibilities. Annual production valued at \$400,000.

FURS AND GAME—Annual value furs and game over \$2,000,000.

TOURIST ATTRACTIONS—Three big mountain peaks, including some of the most famous mountain resorts and scenery in the world.

This page is published by this newspaper as part of a series of articles by the Alberta Press Association to place before the people of Alberta the strong fundamental position of this province, her progress to date, and the great possibilities for the future.

HE has a memorandum on this cheque stub of every account—and on every in his bank book as well—a double check on his business. The incoming cheques or cash are also shown in his bank book. In a flash he can tell when he paid any particular account or when an account was paid to him. His bank book tells him.

He has no need to go to town to do his business if he is rushed. A cheque by mail pays on time or makes deposits almost as quickly as he could do it himself.

The Coupe

The Improved Ford Coupe

THE improved Coupe is a better, smoother car with
improved refinement and improved appearance that
happens the really fine automobile.
The all-steel body, finished in dark blue with
colored rubber floor and body trim, and mounted on
the lower chassis, has given the succeeding world a car of
new distinction.
The color and metal columns are lower, providing
greater leg room and an easier riding position. The
lower pillars are narrower, reducing the possibility of
"blind spots." The doors are wider. There is a com-
pact, comfortable, reliable, with the great new, glass in-
creased ventilation system. A new design is provided
within the car, and the new steel has been redesigned
allowing greater legroom space.

Three Hills received a welcome this Sunday last accompanied by a high wind which was not welcome. Cool showers weather has remained since about four hours ago on falling Tuesday.

The Alberta Provincial election will be held on Monday, June 30, with nomination day ten days earlier. In this, the Dehlinger riding N. P. Williams of Drumheller is the conservative candidate and J. C. Vale, Dehlinger farmer, the Liberal candidate. The U. F. A. lead their nominating convention yesterday at Arcane. A. B. Clouston was again their choice. Francis Brundage gave a rousing address at the crowded meeting on the evening.

Three Hills exhibition and stampede will be held Wednesday, June 3rd, at the agricultural grounds. It will be a day of many events, including horse races, athletic events, baseball tournaments, to shell and auto races. Stampede events consisting of both saddle and bareback riding, steer roping, chuck wagon races, and other events to make this a real celebration. Watch for p-sters and prize list C. P. McDonough Secy.

The senior league was kept pretty busy at the first local league ball game last Friday 15 to 11 being won up in favor of Three Hills, who were again successful against Inverness last night 5 to 4.

A fair crowd attended the meeting on Tuesday to hear Mr. W. H. Suter at the Municipal Hospital. A. J. Robertson occupied the chair. Rev. Suter and Acheson gave short addresses. After Mr. Whiston's speech, a few questions were asked in the hall, which he stated would average three cents per acre. In no case could it be as high as \$10 per quarter section.

Mr. Suter, Mrs. McEwen, Mrs. Harte and Mrs. McFee attended the St. Mary's Grand Chapter Lodge of Odd Fellows, B. C.

Mrs. Harte, D. W. C. up from Calgary this week.

Mr. Smith, of the Bible School who has been preaching at Mt. Vernon, has been very ill at his home in Calgary, is expected back again shortly.

At the United Conference held at Edmonton last week, Rev. W. E. Suter was elected secretary of the conference committee on Religious Education, also on the committee to make a survey of the neglected areas in Alberta. He was also appointed Assistant Editor of the Alberta United Theological College Quarterly News.

Mr. Harry Frazz gave a talk on the details of the wheat pool contract to a number of farmers Sunday last in town.

Somebody has taken the villainous road near area, and evidently annoyed it. They are hereby warned to return it immediately and avoid serious trouble.

Mr. Chapman engineer of the Ellis Mine, bought a new Hensel Cook last week.

Did you answer all the questions the census man asked you last Tuesday?

Andrew Stephens purchased a new Chevrolet London last week.

The Sunday morning meeting at the Bible school will be discontinued until Oct. 10th, on account of the demand for services outside of Three Hills.

Mr. S. P. Williams, municipal hospital secretary, of Drumheller, conservative candidate in the forthcoming provincial election, was a visitor to town Monday.

J. Gottlieb, of Medicine Hat, is assisting in the Bake Shop.

The High School boys are organizing a baseball tournament about the first week in July.

The Chautauque lady was around town all week trying to get the contract for 1937. While everyone was in favor of, and would welcome the Chautauque, some business men fight shy of the contract. Twenty signatures were secured up to the week-end, but it was not operative unless at least 30 were received.

Attract The Tourist

British is obliged to import food and other necessities. For example, British exports of coal and many factories do not equal those imports in value. Thus the balance of long-term trade is against Great Britain. But this is more than offset by the fact that the *short-term* balance of Great Britain is the greatest trade *surplus* anywhere in the world and all countries pay tribute to Britain. The earnings of Great Britain shipping constitute a great but invisible import and these imports, like the credit sold in the national market, enable

There is another class of immigrants which operates in the same unfortunate way, and one in regard to which Haines has equipped Canada to reap the benefits of the Canadian people's full use of their opportunities in the new country traffic. A better people of him one thing with him money, he would be in the living and dead expenses, in terms of recreation and health, and on premises in the country visited. Making Canada attractive, one the standpoint is the country, however, good national business. But not only does country, thousands of visitors from other countries, but with Canadian's business, spread their vacation in Canada, thus bringing the money to work for and in Canada, and in making them better acquainted.

[illegible]

Tourists will enjoy the greatest beauty here, the best roads and the most comfortable and convenient accommodations can be enjoyed. A person traveling a long distance, as from a village, will have a well kept and clean appearance, streets well paved, an attractive little park and well kept lawns, both back and front, city and with trees, shrubbery, many squares and flowers, and where the hotel, no matter how small, is spot white and clean and good music played, will almost certainly stay awhile. But if a town or village is the opposite of these things, it is even more of a warning that the tourist will have a hard time.

It costs some money to make our people cities, towns and villages pleasant and attractive. But it takes more of time and patience than it does real money to transform them as many have been and are being transformed into areas of real beauty and usefulness. It is the development of the right kind of community public spirit that really counts in the achievement of re-

The securing of a fair share of the growing tourist traffic of the continent something that no Cantonese city, town or village can afford to neglect. It is an industry, and frequently leads to large and unexpected business developments, because many a tourist while on pleasure bent is also brought eye open to investment and business opportunities.

Mrs. Arthur House was taken down on Calgary Hospital Saturday last, suffering from a bad attack of appendicitis. Owing to her advanced age, but after operation, a little more time was given her before being removed to the West Hill Home.

A bad collision occurred at the Royal Bank corner on Saturday night, when John P. Kelly, driving a Ford, ran into a car driven by Charles McDonald. Both cars were badly damaged.

Mr. Brown, who lives on Drumheller last week.

Miss Mervin McDonald arrived at the residence of her mother, Margaret, at Red Deer last Monday and will be in the city.

Mr. A. Davis purchased a new house at 11th and 10th Sts. and Mrs. M. Davis returned to the city.

Mr. J. Brown and family have moved into their home recently occupied by Mr. and Mrs. C. Brown.

No Action On Cattle Tariff

U. S. Legislation Not Possible Before Next Congress Meets

Washington—Talk has been going on in the cattle tariff group and in the U. S. House of Representatives that the tariff on cattle would be lowered. But the tariff group has decided to wait until the next Congress meets to see if any action can be taken.

that there is no likelihood of a change in the personal situation in the

that the Japanese situation is changing in the general situation in the future. It is pointed out that legislation is possible before the next session, however, which will be decided next November, but will be most in regular session for a year or so.

So far as the Senate staff is concerned, officials of the staff have been posted and there is nothing to indicate there is any real change. When there has been legislation by some of the other interests on this side, it is not clear that the staff is to be changed. The staff is to be changed to be more active after the next session. It is not clear that the staff is to be changed to be more active after the next session. It is not clear that the staff is to be changed to be more active after the next session.

there has been collusion by some of the other interests on this side to let the other side in to feed cattle rather than sooth interests are fighting the proposition. With a congressional re-

Harvest in the Three Hills district is only a few days distant now, quite a few farmers expect to start cutting next week. Another acre ran fell last week-end, which will help fill the grain and increase the yield. This has been an almost perfect growing season, we have had the rain just when needed, and outside of a few days heat and a few hail storms, it could not have been better.

Extension of the elevator trucks at Three Hills is to accommodate the large increase of business here, and to accommodate the new elevator under construction, has been authorized from the District Superintendent's office.

Mr. Alfred Spaulman has again received the U.P.A. nomination for this constituency for the Dominion election, Sept. 14th. He will hold no responsibility to any party but to the electors of his constituency.

Three Hills holds the proud distinction of shipping the most wheat to the Wheat Pool of the 1925 crop of any other point in Alberta.

A wheat pool meeting of Ghost Pine and district was held at Lumsden on Monday, July 12th, well attended by members from Greenfield, Treble and Service. Mr. Harrison, a director, had some first-hand information to offer and a long discussion followed. It was decided to form a Wheat Pool Local and Mr. F. King was elected president, Mr. Davidson, J. Campbell and J. K. Kesteven, directors, with H. J. Ash, secretary.

The twelve year old boy of Mr. Ben Scott happened a serious accident Friday last. While he was playing out with other boys, he fell to the ground, fracturing both fore arms, bruising and cutting up his face pretty bad. His injuries were attended to by Dr. Weert, and he is getting along all right.

The inquest on the death of little John Bonney was held in the Town Hall Friday night before coroner S. DeBaruchy and the following jury: R. J. Rolis, J. Bunn, C. H. Hawley, J. S. Hendry and C. H. Adsett, and W. K. Evans. There was a large number of persons present, and Corp. Connor, A. P. F. conducted the examination of the witnesses, of which there was a long sitting. Practically the same story was told by each one, but no one was prepared to swear whether W. McCurrah, the driver of the team which knocked the judge's stand over, was drunk or sober, but all agreed that when the race started he seemed capable of handling his team. His driving was severely criticised, though it was acknowledged that he did all he could avoid the accident after his team left the track. McCurrah, during his cross-examination, admitted that he had had a couple of drinks. A verdict of accidental death was returned by the jury, with the following comment: "That the police are doing their utmost to control the crowd, and that we recommend that in future similar events more efficient steps be taken to safeguard the spectators."

A Market Day will be held by U.P.W.A. in the store next the Post office, on Saturday afternoon, commencing at 2 p.m. Farm produce, vegetables and home cooking will be on sale.

Mr. J. H. Threl, owner of Mr. J. E. McLean, and Mr. V. M. stated for a few days with Mr. and Mrs. McPeck, on their way to the mountains.

Mr. A. J. Robertson was down to Calgary this week in connection with the trial of Peter Thomson, of the Manitowish settlement, charged a second time with a very heinous crime.

Ray Davidson was taken to the hospital Wednesday last with internal trouble.

Mr. W. Harte left Tuesday to join Mrs. Harte who has been operating the last few weeks at the coast.

This is it—Darken the room as much as possible, close all windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not loaded) on a window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. John Maerz, who was first last year to start his separate up on wheat again leads the way this year. His commercial Friday let-out headed the first load of 1926, wheat to leave Saturday. It was taken by the T.G.G. and graded 1 northern, weighing 94 lbs to the bushel. Given a number are all through cutting, and threshing will be started as soon as things dry up.

A meeting of the Three Hills Board of Trade will be held in the town hall on Monday evening next at 8 p.m. All members are requested to attend.

A big special! Well, the Carroussel, will be at the Loric Theatre next Saturday night during the intermission and will demonstrate Carroussing to you. Be sure to see Matt himself, the man of many faces.

Mr. McCondach, the tailor, has moved into larger premises next door giving much better accommodation for his work and the display of his goods. William Hill good for the fall, he says.

The farmers are so busy these days, every moment of daylight is made the most of. First when our stockbreeders are thinking of looking up and going to bed, then they get busy. Pretty soon they will have to put on a night shirt.

P-oets are not calling the people to gather Friday evening, to hear Joseph LaFrance our conservative candidate and H. S. Patterson, of Calgary, speak on the coming election issues. At 8 p.m. in the T.O.U.F. hall.

A U.F.A. "relief" threshing crew is organized at Wetaskiwin, to pass from rig to rig on election day, and let all those entitled, run in and vote. There is a probability of everyone being pretty busy that day.

The initial pay, payment on street wheat is the same as last year, namely, \$1.00 at Vancouver. The local rate in Vancouver is 9c per hundred, thus making the payment here for 1 Northern No. 3, No. 2, No. 1, and No. 1.7c. We hope that it will be unnecessary to mention no. 3, though this year.

Clifford Barrett happened a very serious accident Sunday last whilst coasting down the hill on his motor bike in front of Lester Bell's place. Striking a rail, he was thrown head-first to the ground, breaking his jaw and causing concussion of the brain. He was taken down to the Calgary hospital on a freight train Sunday afternoon, and is reported coming along all right.

It was 21 years yesterday since Alberta was made into a province with a parliament of its own.

The Alberta Wheat Pool now controls three-and-a-half million acres of wheat lands, which is a little more than half of the total area on which in Alberta this year. Preserving and canning fruits are in this week at the stores, now is the time to get out the preserving bottles.

Miss Francis Young returned this week to St. Mary's School, Calgary.

Miss Sparvell, sister of Mrs. G. Sinko, left for Regina on Tuesday. Mrs. J. L. Louthier is a Calgary visitor this week.

less than the price of the Chevrolet is to make it. To pay more, for a car in which you are not interested, is wasteful.

When Chevrolet is Chevrolet, it's the Chevrolet that's selling at the Lowest Price in the country for over ten million cars.

School Fair Well Attended

The school fair, held last Friday, after being postponed twice, was very good considering the conditions it did not go on numerous were good. All work and cooking were particularly good, but few such was water the judge asking that more interest be taken in these things. While the judges were having done, sports and races were held on the open ground near the school. The full prize list is far too long for publication in detail, but the following are some of the outstanding prize winners. Miss H. Smith took six first prizes, in various peas, salad, onions, canned vegetables, wheat, and landscape sketch.

Miss Blawhett, Sancer, cockerel, peamash, p. hamlet, cockerel and 1st lot.

Edith Murray, apple pie, collection of canned, hamlet, local, orange of home ground.

Loise Lammie, (Lamb, onion, collection of home ground).

Helen Morgan, and cookies, hand woven post, yard.

George Brown, Turtle, poster, very good.

The following special prizes were listed: Essay on Confederation, donated by Dr. Sander, first prize won by Owen Colburn.

Theresa Macgregor, wheat, Parth and Henshaw; Mena Brander.

Business letter, Women's Institute, Kate Lamb.

3rd house, Rev. R. C. Acheson.

Ray Kalmfisch.

A very dry subject was unanimously picked for the Board of Trade lecture of Monday last, but Mr. Corbett delivered the proceedings of the close by leaving with a few selections of his wonderfully good and amusing recollections of the old substance tongue to Quebec. Twenty four sat down to the banquet.

The Wainwright hospital vote counted by a very large majority on Saturday last.

The horses advertised at the 7th Anniversary point sale have now been redeemed, and will be sold as advertised on Saturday next, at 3 p.m.

The W. I. annual constituency convention will be held at Trochu next Monday, commencing at 10 a.m. Dinner will be served at noon. All members of the Three Hills branch are cordially invited to attend.

Mrs. Sophia Langille, of Stettin, worthy Grand Mistress of the Grand Chapter of Alberta, O.E.S., paid an official visit to the local Feby Chapter at their regular meeting, Tuesday last. Two was served at the close, and a social hour enjoyed.

The 1st lot of the Trochu Co. Boy Scouts will hold a tea on Saturdays afternoon, Oct. 10th, in Mrs. Young's office, Main St.

What has been coming in this week is an ever increasing stream, the light trucks certainly speed up the hauling end of it. With the present fine weather and good drying winds, the grain is drying out and improving fast. The early thrashings went so down towards, but at present most of it looks like it, with possibilities of 2 where the stock feed is not so noticeable. A large percentage is being binned.

It is wonderful the amount of abuse the grain will stand; considering the weather it has gone through, the colour is not bad at all. There is some indication of frost, and some of the grain was pretty soft in the stack when hit by 25 degrees of frost. That checked the progress of the thrashing, and where the bundles and stacks were not too large the damage is not half what was expected. Bunches of corn of the new wheat have gone out locally up to us. We wonder, the proceeds of about one week's thrashing.

Lee Manning happened on an accident while working down in the same last week-end. Being thrown from one of the head cars, he is badly bruised.

Mrs. Grier, milliner of Calgary, will be at the Robertson Bros. store on Friday and Saturday Oct. 7 and 8th, with a large assortment of the latest designs in ladies' hats.

Mrs. Jean Lynde returned from her visit last week.

David W. Brown
An old timer of Three Hills passed away in the person of David W. Brown, who died at Trouton on October 19th at the age of 73 years. Mr. Brown came with his family from the States in 1899 and took up land near Three Hills. For the past four years he has been a patient in the Trouton hospital the illness with which he was afflicted being tuberculosis of the lungs. He leaves to mourn his loss two daughters, Mrs. (Lillian) and Mrs. A. (Helen) and two sons, Harry and Frank, who reside in the States. The funeral was conducted at Trouton cemetery by the Rev. B. C. Arneson.

Incredible Value

Reports from all the provinces indicate that the *Star's* Herald and Weekly Star of Montreal, at the price of \$1 per year is sweeping the country. Notwithstanding the reduction in price from \$2 to \$1, every big feature of this great paper has been faithfully maintained, and the publishers are ever watchful for opportunities to make improvements.

When one takes into consideration the huge volume and wide variety of the reading matter in each issue of the *Star's* Herald and Weekly Star, the question uppermost in the reader's mind is: "how can it be produced at the price?" It is a combination of a complete farm journal, family magazine and weekly newspaper at a cost of less than \$2 weekly.

For the winter's reading there is no better combination than the *Star's* Herald and Weekly Star and the *Three Hills Capital*, \$2.50 for the two. Subscriptions taken at the Capital Office.

BAD DROWNING ACCIDENT

A sad drowning fatality occurred Tuesday morning last at the home of Mr. Gottlieb Marx, west of Three Hills, when his wife, Mrs. Christina Marx, was accidentally drowned in a water tank. She had evidently stepped out of the house for a pail of water and, being a rather short person, she had stepped up on an apple box. Reaching down in the tank, she lost her grip and fell, and she was quite dead when found. Thirty-eight years of age, she leaves a family of eight children. In Sweden, consanguinity was held to be incest and would be necessary. The funeral service was held at the home on Wednesday, November 3rd, at 2 p.m., interment taking place at the Zion Cemetery, west of Three Hills. Much sympathy is felt locally for the so suddenly bereaved family.

We have to report quite an epidemic of accidents this week. Ted Sorenson, of Bonaville, got kicked by a horse Thursday last, breaking his leg. Then on Monday week Sam Ward broke his arm whilst working with a threshing outfit. Whilst playing on a haystack Saturday week, little Ida Wilson, daughter of Mr. and Mrs. B. F. Wilson, fell off breaking her arm.

The Olds Orphanage home will shortly be moved to Calgary near Business Park.

Mr. H. H. Gibson is advertising a sale of his horses and goods this Saturday, before leaving for the coast.

Mr. B. D. Garvey is leaving for the States shortly and is advertising his sale for the 12th Nov.

Rev. W. R. Fisher and Mr. C. H. Abbott are attending the United Conference in Edmonton this week.

Under a permit system, shippers of wheat to Vancouver must satisfy the Railway company that their cars are of immediate disposal of the grain on arrival at the port. Meanwhile the Alberta Food control, the new food elevator at Prince Rupert, and is not affected by the Vancouver tie-up.

Bruno Mamolin, Defector of Italy, escaped the sixth attempt on his life Sunday last. The would-be assassin was instantly killed by the crowd.

The Hills Mine, which has been held up for alterations on top, is resuming business and commencing selling again locally to-day, Thursday.

Mr. Kleber returned Sunday last from a hunting trip, bringing back with him three sheep and a mouse. Mr. R. R. Pitts of Pennsylvania accompanied him.

Mr. Allan Harbott, a practical shoe maker, from Preston, Ont., arrived last week, and is making his home with Mr. and Mrs. Kalle Fisher. He is particularly well pleased with prospects here and is already working at his trade at the Kallfisch store.

Monday next, November 11, is Thanksgiving Day and a public holiday. All stores and banks will be closed that day in town.

ANNUAL MEETING BOARD OF TRADE

The Three Hills Board of Trade held their annual meeting and election of officers in the Town Hall, Monday evening with a very fair attendance. The financial statement revealed a healthy condition, with a substantial balance in the bank. The president, A. J. Robertson, gave a short resume of the year's work of the Board, and in a very optimistic spirit he sketched the general developments and immediate prospects of Three Hills. A complete change of officers faced the election as follows: President J. A. Manning 1st Vice J. F. Clark 2nd Vice L. I. Kuhlmann Treasurer F. H. Raitan Secretary A. J. Robertson. At the introduction of "new" members, the following subjects were brought up. It was decided to procure new copies of by laws, membership cards, and notice of meeting post cards.

J. A. Manning introduced the speech on the annual freight rate as between Three Hills and Calgary or Brimley, and reported that the rate commission had continued on last page.

The new rat licenses are now on hand at Shelton's office, an extra fee being needed for the district.

That it pays to be a resident in the Three Hills Capital was pointed out by W. B. Reid, who was successful in disposing of over \$400 worth of Hare hogs through a three week sale.

Trucks had electric light for the first time, New Year's eve, and in going to directly now. All day service will not commence until the new eng. arrives.

Extracting Chemical Compounds From Coal More Valuable Than Heat From Combustion

Advances are predicted that within a generation a new era will dawn in the chemical industry, one that will be based on the extraction of chemical compounds from coal, rather than on the heat from combustion. This new era will be based on the fact that the chemical compounds in coal are more valuable than the heat from combustion. The extraction of these compounds will be a more profitable business than the production of heat from coal.

The process of extracting chemical compounds from coal is a complex one. It involves the use of various chemical processes to break down the coal into its constituent parts. These parts can then be used to produce a wide variety of chemical products, including plastics, synthetic fibers, and pharmaceuticals.

The extraction of chemical compounds from coal is a more profitable business than the production of heat from coal. This is because the chemical compounds can be sold at a much higher price than the heat from combustion. In addition, the extraction of chemical compounds from coal is a more environmentally friendly process than the production of heat from coal.

Manure To Navigation

Manure, which is a valuable source of nutrients, is being used in a new way. It is being used to create a new type of fuel, one that is more efficient than the traditional fuels. This new fuel is being used in a variety of applications, including in the transportation industry.

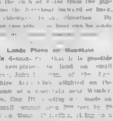

The use of manure as a fuel is a more environmentally friendly process than the production of traditional fuels. This is because the manure is a natural byproduct of the agricultural process, and its use as a fuel reduces the need for other fossil fuels.

Salaries of Aviator Paymen

The salaries of aviator paymen are a topic of interest. It is important to understand the factors that influence these salaries, such as the level of experience, the type of aircraft, and the location of the paymen. The salaries of aviator paymen are generally higher than those of other professions, reflecting the high level of skill and responsibility required for the job.

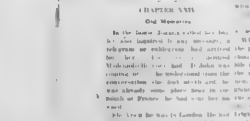

The salaries of aviator paymen are also influenced by the demand for their services. As the demand for aviator paymen increases, their salaries are likely to rise. This is because the supply of aviator paymen is limited, and the demand is high.

An Unusual Experiment

An unusual experiment was conducted in a laboratory setting. The experiment involved the use of a new type of fuel, one that was made from manure. The results of the experiment were surprising, as the new fuel was found to be more efficient than the traditional fuels. This suggests that manure could be a viable source of energy in the future.

The experiment was conducted by a team of scientists who were interested in finding new ways to produce energy. They found that the new fuel was able to produce more energy than the traditional fuels, and it was also more environmentally friendly. This is because the manure is a natural byproduct of the agricultural process, and its use as a fuel reduces the need for other fossil fuels.

Chamberlain's Cough Remedy

Prepared by J. C. Chamberlain, Lowell, Mass.

Vegetarians Are Not

Cough, Croup Among People Who Abstain From Flesh Food

It is a common mistake to suppose that people who abstain from flesh food are exempt from the common ailments of mankind. The fact is, however, that they are not exempt from coughing, croup, and other ailments of the throat and lungs. In fact, they are often more susceptible to these ailments than people who eat flesh food.

There are many reasons for this. One reason is that people who abstain from flesh food are often deficient in certain vitamins and minerals which are essential for the health of the throat and lungs. Another reason is that they are often more susceptible to colds and influenza, which are the most common causes of coughing and croup.

Chamberlain's Cough Remedy is a powerful remedy for all coughs, croup, and other ailments of the throat and lungs. It is made from pure vegetable ingredients and is safe for all ages. It is the only remedy that stops coughing in minutes.

Chamberlain's Cough Remedy is sold in all drug stores and is also available by mail. Write to J. C. Chamberlain, Lowell, Mass., for a free trial bottle.

Three Hills Wins the Toluca Cup

at Acme
The Three Hills quartette, Messrs C. H. Hensley, Wm. Swan, I. O. Baine, skipped by A. W. McNeely, went over to Acme on Friday and returned with the Toluca cup, winning on the 16th and by 2 points, score 15-15. This was against a padded rink Acme playing Wilhem ship, Dr. Fowler, R. J. Fowler and J. Millarich Acme. Swindler. Carbons. Three Hills completed. As for as we can learn, this makes a clearing for the McKinnis rule of every cup between Calgary and Canmore, and is certainly a high honor and a good advertisement for Three Hills.

Mr. and Mrs. L. J. Milne wish to thank all the friends for their sympathy during their recent bereavement and for the wreath donated by the UFA local at (Three) Pine Creek also the letter of sympathy sent by the Presbyterian congregation at Saucy.

The Board of Trade has invited some of the interests accompanying the Fort and the South Western train which stops at Three Hills to-day, to attend the banquet this evening, and to give the members and their wives a short talk.

The following recent sales are recorded by R. J. Rollis & Co. The McKinnis house, north of town, has been purchased by Mr. A. H. Davis, who will move in shortly. Mr. C. T. Cook has bought the W. S. Riving farm south-east of town and moved in last week. The A. Wilson farm, recently occupied by J. McKinnis, has been purchased by Mr. Macklejohn and J. Burroughs have bought the Vancouver house south of the Crown Lumber yard.

The election results of the Stanley House property were as follows: Division I. Evans 91 votes, Foster 14. Division 2. Waterman 55, Hastings 29. The personal school tax collection by law was defeated 80 to 41.

Gasoline and kerosene dropped one cent on Tuesday, March 1st.

Mr. and Mrs. McKinnis and family moved over to their new home on Saturday last. After eight months planning and supervising, an ideal home selling all the latest ideas and conveniences in house furnishing, Mr. McKinnis has at last completed his long plan of his dream of home. No expense has been spared to get the very best and best in everything.

On the ground floor there is an entrance hall with a large grandfather's clock. Mr. McKinnis spent, in delight, with three different chairs in the living room is a large dark mahogany fireplace with built in book shelves. On the windows are beautiful drapes, and on the floor, which are of quarter oak, are Persian rugs. The electric fittings are of wrought iron work, while there is the dining room of antique silver. The dining room suite is of Spanish period walnut. The kitchen, which is finished in white enamel, contains an electric range, fitted with a clock which can be set to stop off the heat at any time desired, preventing any danger of setting the roof house on fire when Mr. McKinnis is left in charge. On the second floor, the four bedrooms are finished rich in ivory color scheme with hangings and rugs to match. Corbels, pillars, rail, and blue, the latter of Mrs. McKinnis's own special desire. It is particularly beautiful and artistic. In the guest room is a chaise longue of cedar wood. The bathroom, of blue and white tiles, is furnished with a shower and lovely linen in fittings. The basement is divided into several rooms, including a laundry machine, washing machine, and laundry tub, furnace room, fruit and vegetable room, and machine room. There is also a storage elevator, with two electric motor power tanks supplying hot and cold water both upstairs and downstairs. The heating system is by hot water, and large underground septic tanks take care of all waste. We sincerely trust that Mr. and Mrs. McKinnis will long be spared to enjoy the lovely home which they have now completed.

What About Service?

Worn parts have to be replaced and seasonal adjustments made. Service should therefore be available, wherever and whenever, you may need it and should be prompt and efficient. If it falls short in any of these things, it is not good enough for you, because it may leave you stranded far from your destination, while waiting for a part to be shipped from a distant point.

Every Ford (except one) produces expert service wherever and wherever he wants it—at standard prices. Service made to him by him in the hands of a trained or irresponsible mechanic, runs the risk of being overcharged by the unscrupulous. He need not suffer the inconvenience of having his car up for days or weeks, while a repair is being procured from some distant point.

MONEY TO LOAN at 7 per cent

We are very pleased to announce that we have just secured arrangements with a large lending company which we are in a position to make loans to our customers. These loans will be made at the rate of 7 per cent per annum of interest. This, we believe, will be very reasonable in view of the fact that the company which we represent have been making loans for many years and have a large experience in the business.

Viscount Grey Analyzes The British Character and Tells How The Empire Has Been Built Up

Viscount Grey, the former British Foreign Secretary, has written a book titled "The British Character and the Building of the Empire." In this book, he analyzes the British character and tells how the empire has been built up. He argues that the British character is the key to the success of the empire, and that the empire has been built up through the efforts of the British people.

Pontiac
Leads
in
Value**

PONTIAC Six introduced a
totally new and revolutionary
standard of value when the first Pontiac Six
was announced a little over a year ago.

Now, Pontiac Six is increasing its lead—
sweeping still further in advance of its delay.
For, in the New and Finest Pontiac Six, Gen-
eral Motors has achieved a combination of
fine, six-cylinder performance, strikingly
beautiful appearance and low price unequalled
in all the automobile world.

Again Pontiac leads in value—and by a wider
margin than ever. Small wonder that the
records established by Pontiac's first year sales
are already being surpassed by the continu-
ous public reception of the New and Finest
Pontiac Six.

Come in and see the car, and the reasons for
Pontiac leadership become at once apparent.

Live stock men from all over
Canada are meeting this week in
Calgary when the various organiza-
tions comprising the Dominion
Livestock Assoc. will hold their
annual meeting at Alberta. This
is the first time these associations
have met in the West.

Tourists coming to Alberta to
see may now stay 60 days under
permit, instead of 30 days, an
amendment to the regulation in
this respect having been made at
Ottawa.

A feature of the Edmonton Ex-
hibition this year will be another
feature of paper art, commencing with
the diamond jubilee of Canada.

Spring Horse Shows and Bull
Sales are the order of the day in
Alberta. The Calgary Horse Show
and Bull Sale is on as at work and
Edmonton the following week.

A total of 72 hours will be held
in Alberta this year. The dates of
the Calgary exhibition this year
are July 11 to 16 and at Edmon-
ton July 18 to 23.

**New Bodies
New Colors
New Refinements**

AT NEW LOW PRICES

THE art and skill of Fisher craftsmen are strikingly exemplified in the long, low lines of the New and Finer Pontiac Six bodies, in their smart belted effects and in their luxurious comfort!

Rich Duro finish, in the latest and most appealing colors, adds to the striking beauty of the New and Finer Pontiac Six. New refinements such as sweeping, full-crown fenders, new, higher radiator, shining brass headlights, place this car in a class far above that into which its phenomenally low price brings it.

And, back of all these evident improvements and advances stand the established Pontiac qualities of power, speed, sturdiness and economy—the qualities which won for Pontiac Six the most outstanding success ever accorded any new car during its first year.

Only by using the New and Finer Pontiac Six, by driving it and by learning its new, lower prices, can you realize how great a thing has General Motors done in the field of the low-priced car.

BOARD OF TRADE

The regular monthly meeting was held Monday evening with a very good attendance.

The question of making Three Hills a sub-terminal was left to the hands of a committee to gather all necessary information.

The matter of equalization of local freight rates was tabled until the Supreme Court has given its decision.

It was decided to take a vote of the Board of Trade and also for a committee to interview the business men to ascertain if the weekly Fall holiday was favoured.

A committee was appointed to interview the Village Council re: lighting.

The Society Committee were announced to prepare an appropriate Diamond Jubilee Celebration, and to confer with all organized citizens in the Village.

The Secretary was asked to write the Calgary Board of Trade re: a request for the fact that on the map on the official paper, the T. P. railway and towns are omitted.

HALF DAY HOLIDAY

All the business men hereafter signed up in observe the Wednesday half holiday, which will commence next week. May 11th, stores closing at 12 noon.

GOLF CLUB

Steps are on foot and a great deal of interest is being shown in the formation of a golf club. Mr. Roy Brown has very kindly loaned his pasture at the western end of the Three Hills. The ground has been looked over and enthusiastically approved, the opinion being freely expressed that an ideal golf course is available. A preliminary meeting was held Monday evening and a committee of management named. It is the desire of the promoters that the ladies also become interested in golf, provided that their household duties are not neglected.

A large congregation listened to an eloquent and inspirational sermon Sunday evening, delivered by Mr. Seiber, who leaves Three Hills to take charge of the German missions throughout Alberta and Saskatchewan for the United Church. It is with sincere regret the many friends of Mr. and Mrs. Seiber bid them farewell. Their work in this district has been abundantly blessed and good progress made. During the 25 months of his ministry, 71 new members were received, 45 persons were baptized, ten of whom were infants. One of Mr. Seiber's Tars boys, Otto H. R. 1st, offered himself for the ministry, and will be doing mission work in the Peace River country this summer. The financial report for last week of the church during 1926 showed an increase of 27 per cent, and all church activities, a very healthy state of affairs and growth. Mr. and Mrs. Seiber, who will make their headquarters at Medicine Hat left by car Tuesday afternoon.

Next Monday, May 8th, being Arbor Day the Three Hills banks will be closed all day.

NOTICE

To avoid unpleasantness, will all who have borrowed or taken away certain lawn mowers, the property of Ward T. Obout, please M.D. 30, return the same at once to A. A. Ishak's yard, Three Hills, so they can be used shortly.

SHENYRIDGE NEWS

Mrs R. Good of Three Hills and Mr. A. H. Wills of Dorvalton have received word that their mother, Mrs Wills of Peterboro, Ont., formerly of Three Hills, is critically ill and is a very low condition.

It is also reported that Mrs F. Gale of Calif., formerly of Three Hills, is seriously ill. Reading is well under way west of town and quite a number will be finished this week.

Surpassing Last Year's Success

NOT even its electrifying success during 1926—not even its tremendous sales, which more than doubled the best previous first-year record of any new make of car.—Not even these amazing achievements can compare with the present-day triumphs of the New and Fine Pontiac Six!

The reason for this spectacular advance in popularity are obvious. Always a surprising value, the New and Fine Pontiac Six now towers above its field like a beacon in the night. Yield new luxury customers the fine craftsmanship of its new lower bodies by Fisher. Chassis refinements emphasize the thrilling performance of its famous six-cylinder motor. Fresh and original combinations of upholstery. These lend a combined note of style to its six most body types.

Yet even with all these improvements the New and Fine Pontiac Six sells for less than \$1000! Never has such surprising value been offered in a low-priced quality six. Never has any car of its price yielded such reliable buying satisfaction! And never has any car in its class so clearly deserved such success! 191700

GOOD? ROADS.

Now that spring is supposed to have come and gone, and our roads have emerged from under a blanket of snow and slush, we once more get into a feverish haste to get them "fixed up," so that we can make some use of them during the few short months ere they are again buried under snow or slush. As far back as most old timers can remember we have been doing this in just the same way, or not doing it as we happened to feel like it, and our roads, except for perhaps a little wider grade and a little deeper ditch, our roads are just about where they were years ago. Three Hills happens to be blessed with the real thing when it comes to soil — strong, heavy, black, sticky and then some, which will grow wheat and keep on growing it, but which is the very danger when it comes to roads. If we had a nice, light, gravelly soil, which required a heavy rain once in six days to produce a crop, then our road problems would be solved, but in that case we probably wouldn't need them.

Well, the graders, drags, scrapers and planks have been out and all the accumulated trash neatly piled up into the centre of the road, leaving a nice smooth strip on each side down by the ditch on which to travel. Then along comes a couple of days' rain and presto! our roads are gone again and we are left up to our daggers. Put on an extra team and take half a load to the barn and that ends it. But we can't drive to church that way. In spite of the rapid improvement in every other way, our roads policy has been practically stagnant, producing nothing, getting nowhere. Like the Quaker drill sergeant, who wasn't very sure of his English and wanted his recruits to mark time, belted out: "Quick march, but don't go no place." Who is the man to start something? Where else here to show us the way?

Mr. H. W. WOOD will speak at the Lyric Theatre on June 14th at 8 P.M., on the Wheat Pool.

There will be a cemetery cleaning next Wednesday, June 8. Everybody please turn out and help make the cemetery clean and tidy.

At a meeting Wednesday last, local baseball was again organized with the following officers: Hon. Pres. A. Shetler; Pres., L. J. Kallischew; Sec. Treas., J. V. Clark; Finance com., C. H. Herder; J. Nabli; League representatives, G. L. Mills, A. C. Smith; grounds com., C. P. McDonough, W. A. Seander, F. J. Burke.

An interesting event took place on Wednesday, May 18th, when Mrs. Thos. Tambli, who is residing with Mrs. J. A. Manning, celebrated her ninety-second birthday. (If Scottish parentage, she was born near Lake Simcoe, not far from the present station of LaPrairie. Her father, the Rev. John Clunie, was the first missionary in that part of Ontario. She is connected on her mother's side with the Scottish house of Stirling, a Lady Stirling being her aunt. Mrs. Manning, assisted by Mrs. Howe and Mrs. T. Scott, celebrated the occasion by giving Mrs. Tambli a very delightful birthday party, when about 22 ladies called and had a cup of tea, bringing kindly congratulations and many pretty presents. Altho frail, Mrs. Tambli's mind is as bright and active, she reads a good deal and is still a great letter writer, and keeps up with current events of the day. Altho arrived at a ripe old age, her friends, both old and new, wish her many years of health and happiness under the kind, motherly care of Mrs. Manning.

"The Greatest Step Forward in
Three Thousand Years"

The Wheat Pool

H. W. Wood' Chairman of the Board of Directors of the Alberta Wheat Pool, says that in forming this marketing organization the farmers took the greatest step forward in three thousand years.

The Wheat Pool enables wheat producers to handle their wheat in their own way and sell it themselves in their own way. The entire force of this great organization is directed towards the desired end of bettering the conditions of the western grain grower.

Every grain grower who joins the Pool now adds that much strength to the organization. The stronger the Wheat Pool is, the better for Western Canada.

THE SECOND SERIES OF WHEAT POOL
CONTRACTS ARE NOW READY.

Amazing Contrast Between CHRYSLER '50' and all other four

Anyone with a sense of motor car values, knowing the price of the Chrysler '50', will naturally realize that it is, in value, the other four include four of the most popular quality products on the same class as the '50'.
For Chrysler a major line of high standard quality products, the '50' is the conversion that the family that pays a moderate price for the car's worth for it, and in such heavy quality, compact economy, long life, and value as in the low price of higher grade.
The amazing surprise of the Chrysler '50' - with its speed of 80 miles an hour per hour's movement of 100 miles an hour to the gallon and its big, car compact and constant over all other four in any product of a great comparison of value.

Three Hills Celebrates.

The biggest and best day in our history "Three Hills" was celebrated, white and blue July 1st, when the citizens of Three Hills were happily and lavishly celebrated. Town and country school children from near and far lined the streets and parks and were as at a premium. The decoration committee in spite of the threatening weather had worked right well and the streets and school grounds were bright and gay with flags and bunting. Stores and homes were decorated too, and the town municipality had generally seemed as if with red and white streamers in the school grounds by Mr. Munster, barometer of Calgary, and A. J. Robertson, barometer of Three Hills. All in all it was the best parade ever seen in Three Hills. The parade was headed by the school band, headed by Mr. Vernon Smith, Mayor, Stewart M. Oliver, Three Hills Village headed the parade, many other schools being represented in our war or peace.

The old times formed an interesting group, there was O. R. Johnson as easily taking his due to mark it as a celebration. A number of the old timers were given by school children and were and heartily filled out the day until heavy rain set in all about 4 o'clock. The fireworks had to be postponed, but a big crowd of people for the parade.

BOARD OF TRADE.

The Board of Trade held their regular meeting on Monday evening with a large attendance. The reported the various committees to the jubilee celebration were successful and approved. The following donations had been received: Stauder M. D. \$20.00, Board of Trade, Village Council, \$25.00, Village School Board, \$25.00. The refreshment stand, after distributing the free treats to children, took in \$25.00 each, but the committee thought they would be able to finance without this, and it was decided to return these donations.

The suitable location of the fair grounds was introduced, the general opinion being that there were too few of them to be of the best service for all. A committee was appointed to see if an exchange could be negotiated for a site nearer town.

The secretary, A. J. Robertson, was appointed as local representative on the Alberta Development Board.

The end of the previously proposed road signs was thought to be too high and the committee was charged.

The inclusion of the Rev. A. R. Nelson was held Wednesday night at the United church, a large number attended. In response to the opportunity, Rev. Harky of Trevel, addressing the people, and Rev. Barker addressed the new pastor. Mr. Harky and the Rev. Barker mentioned among others, after a very heavy sermon was preached the service was held and the Rev. Barker being served in the house.

The Three Hills Post Office was moved. Recently last autumn it was moved from its old home to the new building. For this year the old building, now owned by Mr. Harky, has been made and the new building has been torn down to ground. The new office building is now being built by Mr. Harky and the new office will have comfortable accommodation in the case of some other.

Don't forget the Baby Clinic tomorrow, Friday, from 10 a.m. to 12 p.m. Bring your little one whether sick or well.—W. J. A free sewing demonstration will be held in the town hall on July 20-21. Ladies wishing to join please notify Mrs. Collins.

Governments Join To Assist Settlement Of British Boys On The Land In Canada

It is reported to be one of the most important of modern land settlement schemes in the world, and one that has been the subject of much discussion in the House of Commons, that the British Government and the Canadian Government have agreed to assist in the settlement of British boys on the land in Canada.

The scheme, which is being carried out by the British Overseas Settlement Commission, is to send a number of British boys, who are between the ages of 15 and 18, to Canada to live on the land and to learn the art of farming.

The boys are to be sent to Canada in groups of 10 or 12, and they are to be sent to live on the land for a period of 12 months. During this time, they are to be trained in the art of farming, and they are to be given the opportunity to learn the language of the country in which they are living.

The scheme is being carried out by the British Overseas Settlement Commission, which is a body set up by the British Government to assist in the settlement of British boys on the land in Canada.

The Canadian Government is also assisting in the scheme, and it is providing the boys with the opportunity to live on the land and to learn the art of farming.

The Three Hills Hardware

O. H. HORSLEY, Prop.

AN UNUSUALLY GOOD PLACE TO TRADE.

Phone 48 Residence 122 Three Hills

Three Hills was finally favored with a gloriously fine day for the sports and celebration, and a huge crowd passed through the gates to take in one of the biggest and best arranged programs of pleasure ever carried through in the district.

The parade was not so well patronized, coming so soon after the big display of the Jubilee, but the Three Hills Hardware and the International Harvester Co. had quite well worthy of mention and the B. J. Roth and Tom Stokers were good. There would be no parade on sports without the Band and they held up their end gloriously. The various committees of the Board of Trade are to be highly congratulated for the very efficient way in which everything was managed and the big crowds handled. A considerable expense was involved in preparation, and the uncertainty of the weather had caused much work and anxiety, but the good sporting spirit of the management was fortunately well rewarded, and the Board of Trade has been saved from complete inactivity. The fireworks were something new for a country town and made an enjoyable and fitting climax to a big bright day, and the fair grounds were packed solid with cars. Results and prize lists will be published next week.

The results of high school exams so far published are as follows: Grade XII, passed all subjects, Ida Hamilton, except one, Alice White except three, Mary Nadeau, Grade XI, all subjects, Daria Colburn with honors, Margaret Tickner, Yum Bouhway, Ragnara, Alice Manning, Dolly Lipkind, Ronald Dunn. Except two, Habel Howe. Grade X-XI, all subjects, Gladys Price. Except two, Ray Burke. Except three, Edith Murray. Grade X, all but two subjects, Raymond Dunn, all but four, Winifred Stalla. Grade IX, all subject, Leo Robertson with honors, Ray G. Ferlich, Phyllis Bouhway. Except one, Adam Young, Ralph Snike. Results of grades 8, 9, and 10 are not complete at this time and to press.

Sarcee Folk—do not forget the sermon on "God and the Wheat Pool," at the school house on Sunday at 11 a.m. Special service is also provided.

We regret to record the death of Mrs. Jean Cuel, which occurred at her home, Rourke House, on July 28th. Mrs. Cuel, whom many will remember loved her husband and eight children, four being quite young.

Mr. and Mrs. W. H. Huxley, of Oregon, are visiting at the home of Mr. and Mrs. J. E. Huxley. J. E. and Wm. are brothers.

Mr. and Mrs. F. H. Terrell, of Calgary, were visitors last week at the home of Mr. and Mrs. A. G. Anderson.

Mr. L. P. Beach left Monday for the coast. H. C. Jones is acting manager at the Montreal during Mr. Beach's absence.

Mrs. McLeod, of Vancouver, is visiting with her parents, Mr. and Mrs. Berry.

Mr. C. H. Hargrave, of Ponoka, is visiting for a few days with Mrs. T. A. Stewart.

Miss Lynde left Wednesday for Edmonton, entering the hospital there.

Interesting Ghost Ship Wrecking

The marriage of Miss Anne Kapahla, of Grande Prairie, and Peter Stiphala, eldest son of Mr. and Mrs. Andrew Stiphala, took place at Lums School on Monday. James L. Rex, Jr., of Lethbridge officiating. The bride was carried in white brougham, and attended a bouquet of white roses. Miss Susan Stiphala acted as bridesmaid while Mr. Peter Tapak supported the groom. The maid of honor was Mrs. W. Duda and the man of honor, Mr. Joseph Nakaha. The wedding dinner was served at the home of Mr. and Mrs. A. Stiphala, and in the evening a dance and wedding party was held at the Lums School.

the Lowest Priced Six

With
**FISHER BODY LUXURY
CUSTOM CAR QUALITY
POWERFUL "6" ENGINE**
Proved by General Motors

BEFORE you spend the price or more than that the price of a Pontiac Six for any car, ask yourself these questions:

Will I enjoy the comfort, safety and luxury of a Buick or Fisher?

Will I know the thrilling, effortless performance of a rugged six-cylinder engine, developed and proved by the greatest automotive organization in the world?

Will I obtain the quality accomplished by such refinements as rich plush upholstery, shield beam headlights, VV windshield, luxurious interior appointments?

Will I be assured of long-life economy and high resale value?

Because Pontiac Six is the Lowest Priced Six that meets all these demands, Pontiac has won the most spectacular success any new car has ever achieved.

See the New and Fine Pontiac Six at New and Lower Prices.

GHOST PINE NEWS

Harvest started last week, most
of the grain is down and green, but
the majority of fields are heavy
with grain.

Mike Malaka sr made a house
no visit to Calgary Saturday, visit-
ing Arty in the Holy Cross hospi-
tal, who is improving slowly.

Mr Ferguson and sons, having
finished their road work about
seventy and are grading the road
from Faber's hill past the store.
The road will be abandoned for a
few days, but all are looking for-
ward to a better highway.

Dolly Peterson is quite low old
sugar water but long spell of
scarlet fever and rheumatic fever.
Everyone is glad of her recovery.
Mr. Peterson has been quite ill with
flu but is improving. A woman's
of name of On and grips are re-
ported.

Doug's horse returned Monday
from Vancouver, B.C. and will work
for Johnston and Bales. Then is
Mr. Langer's third lot with the
same portion. Fred Cook is also
down from Marver and most of the
old crew have returned.

Mrs Clarence Klopfer, who has
been visiting at South Central,
returned Tuesday accompanied
by her brother, Mr. Wm. Boyes.

Rather serious reports are to
be heard regarding the condition of
Edna Williams who is lying at
Calgary hospital with a dislocated
neck.

Outdoor Bulb Culture

To have the best results with bulbs,
ground should have been well manured
up and planting done soon. Oct. 15th
is a fair day. Plant in a depth of 6 in
about the diameter of the bulb. A com-
mon fault is to plant too near the surface
and the frost may break the bulb away
from its roots. Provide of bulbs are
fresh and not water-soaked.

After ground is slightly frozen, cover
bulbs with 4 to 6 inches of straw or
manure, covering gradually in the spring
as warm weather approaches. Paeonies will
bloom next year if planted now. All
perennials make better bloom if planted
in the fall. See McKinlay's ad. next col.

We just got in for you and your children a big shipment of Peuman's Fleece Lined Underwear in two pieces and combinations. This underwear need not be described. Anyone who uses it knows its closeness of texture, softness and warmth. Also **Stanfields Pure Wool Underwear** for the whole family in two pieces and combinations in different weights and knitting.

Stanfields Underwear needs no praise. 75 per cent of the people in this country who wear woollen underwear wear Stanfields. If you happen not to be one of these, ask your neighbor and he will tell you that for **Length of Service, Peuman's, Comfort and Easy Washing** there is no better underwear made.

We handle other brands of Underwear as well, but certainly recommend Stanfields for Wool and Peuman's for Fleece Lined.

BOARD OF TRADE RECEIVES PROPOSAL OF WATERWORKS.

The Board of Trade held their regular meeting Monday evening last with a fair number of interested men present. Mr. Diamond the new owner of the Palisade mine, was present and submitted a proposition for the consideration of the Board to install water works for the town.

After routine business was disposed of, Mr. Diamond was invited to give the details of his proposition. These he had given and written to the secretary, A. J. Robertson, who then gave them to the meeting. It appears that Mr. Diamond and his associates own a large steel tank and steel tower, with about 3000 feet of piping. There is at the present time a large supply of water in the Palisade mine, and the company proposes to erect the tower and tank and lay water mains along the principal streets, with hydrants at suitable points for fire protection. For this they would require a guarantee either from the users or from the Village council, of ten thousand dollars cash, and a ten year franchise. The first year's water supply would then be paid for, the money to be paid over an amount as the water is turned on. Afterwards users would pay to the company a flat rate of \$2 per month. Mr. Diamond also suggested that while the ditches were open for the laying of the water mains, it would be a good time for the Village council to lay sewer pipes, a better time they were immediately or not.

The matter was argued and discussed from all angles—the quality of the water, the cost of the plant; the ability of the Council to raise money; the number of connections likely to be made, were all dealt with. The great advantage to the town of water and sewer, the probable growth of the town in the near future, the erection of the village into a town, the advantage of a bath house in a village and many other features were discussed. As no figures of any kind were available as to costs, the Board decided to appoint a committee to interview the Village council and to obtain figures possibly by the employment of an engineer and to report back to the Board at an early meeting to be called for the purpose.

Millinery and Ladies' Wear will be displayed at L. J. Kalbfleisch on Friday and Saturday, Oct. 14-15th, showing a full line of Coats, Dresses, and Millinery, by Mrs. Dyke of Lacombe.

The local curlers got together Monday last, reorganizing and making plans for the winter. J. F. Clark was elected Pres and H. L. Harrison vice Pres. Those sponsoring the curlers are J. Rabb, A. B. A. Cunningham, O. B. Johnson and C. H. Horsley. An effort will be made to organize afternoon games, and the executive will be pleased to hear from any farmers who wish to interrupt. The members would also be willing to go without a few weeks, should the ladies care to take up curling. The fee this year is \$15, and if after-season games can be organized, \$10 for playing during that time only.

Amazing Quality

is winning the most

Amazing Success

NEVER has any car in Canada established such a phenomenal record of public acceptance as Chevrolet has attained during the past eight months.

The Most Amazing Quality in Chevrolet History—the most amazing quality ever offered by any car in the low-price field—has won for Chevrolet the unqualified, enthusiastic approval of Canadian buyers from coast to coast.

Chevrolet is far outstripping all other cars in its price range combined... sheerly and solely on the basis of merit... of a standard of quality, performance and value unequalled in all Chevrolet history.

Let your Chevrolet dealer show you the car and demonstrate its performance. Judge Chevrolet by every known standard of car values and understand the reasons for Chevrolet's amazing success.

APPRECIATION

"I want to say how pleased I am with The Calgary Herald 10 a.m. Edition. This is the first time I have taken a daily newspaper, for the reason that I thought the news would be stale, but now it makes me feel as if I lived in the city instead of the country."

the 1960s, the company was able to produce a more powerful and reliable engine. The new engine was a 1.8-liter, four-cylinder, carburetor-fed engine. It was a significant improvement over the previous 1.6-liter engine. The new engine was also more fuel-efficient and had a longer life span. The company was able to achieve these improvements by using a combination of new materials and manufacturing techniques. The new engine was a major breakthrough for the company and it helped to establish its reputation as a leader in the automotive industry.

THANKSGIVING DAY

Monday is Thanksgiving Day and a statutory holiday. All banks, stores and business places are to be closed.

Mrs. J. M. Long and son Norman left Monday last for Bridgeport, Cal., where she will visit with her mother for a few weeks. The farm having recently been sold, Mr. Long will follow in some of the fall work is over. Mr. and Mrs. Long, who are well known and highly respected old timers of the district, came up from Washington 23 years ago, homesteading west of where Armo now stands. They moved onto the present home just south of Three Hills, 11 years ago. It may be some little time before a new home is located but many, many old friends here will wish Mr. and Mrs. Long all happiness and contentment in their new home wherever it may be.

Mrs. Peter Kennard of Medicine Hat, has purchased the building and lot now occupied by the Beauty Parlor. Mrs. Kennard will shortly open a millinery and ladies furnishing store, erecting temporary premises for residence on the same lot. Miss Milan and Miss Burke have already built up a splendid business in a very short time will have to seek a new location. Mrs. Kennard expects to be here some time in January.

Rev. Dr. J. Y. Fenneman of Calgary and Rev. and Mrs. T. S. Hartley of Toronto were guests of Rev. and Mrs. Hocking, Monday last.

With the continued fine weather, grain has been coming in at a rapid rate. The supply of every grain now has been wonderfully good, an average of 30 runs per day going out of this port, local grain continuing every day. There is still a great deal of threshing to be done in the district. It is the approach of midwinter, and arrangements are also on the horizon, some 4 or 5 cars going out daily.

SKATING RINK

Skaters will be received up till noon, November 10, 1927, for the supplying of water for the skating rink for the season 1927-8.

Village of Three Hills.

J. E. Young, Secretary.

Aberta Dakin, who has been sick for some time, was brought home from the Calgary hospital Tuesday, her condition being greatly improved.

Hilbert Brue, who has just finished threshing 10,000 bushels of wheat on the E. J. Brinson farm west of town. Mr. Brinson leaves for Ponikston in a few days.

How about your Fire Hazard?

At this time of the year when you are buying more fire in your building, has it occurred to you that your fire hazard is greatly increased? Keep on having separate fire conditions so that all liability papers are replaced, and use that same new fire rate with extra care and liability loss your insurance.

INSURE UP TO \$100,000 OF INSURANCE THROUGH THE ASSOCIATION

If you do not carry 75 per cent of present value of buildings and contents you are under insuring. The cost of fire insurance is only a trifle compared with the benefits derived.

We will not only be pleased to furnish you full information and will give prompt attention to phone inquiries or instructions.

Christmas Activities

The United Church folks at Red
Cross and Union have held a very
successful Christmas tree festival at
the home of Mr. Fred King, where
about 100 people gathered on Sat-
urday night and on Sunday morning
before the tree home of Mrs. J.
Harris was decorated.

Rev. and Mrs. Pratt entertained
at St. Paul's Lutheran School at
the party on Thursday last.
The evening was spent in games and
dances, with a visit from
Santa Claus, made an evening
which will be long remembered by
the children.

after a month's vacation in the States. A very enjoyable evening was spent at the home of Mr. Fred Baker on Friday when progressive card what was played. The prize winners were ladies. Miss Jessie Hamilton, guests let Mr. Earl Ruby and co-sponsors, Mrs. Earl Ruby and Mr. Baker. Dainty refreshments were served.

The boys too have been taken to the skating rink, and are making tracks on the frozen lakes around town with tracks in the canals for a while.

The P.H.A. held another whist drive Friday last at the home of Mrs. Wolfe when tables were set for fourteen couples. The following were the prize winners: Miss L. Wain, Mr. H. A. Wolfe, consolation, Mrs. L. Becker, who let Mr. H. J. Bremer took home the two prizes. Refreshments were served by Mrs. Cunningham, Mrs. Burke, and Mrs. Wolfe. A vote of thanks was tendered the hostess and company by singing with tripping of the light fantastic too rounded out a most enjoyable evening.

Mr. and Mrs. M. Rae are visiting down in Ontario, his mother being seriously ill.

The regular meeting of the T.P.W.A. will be held at Mrs. H. L. Macfarlane's on Saturday, March 2nd, at 2:30 P.M.

The Menzies club were entertained to a most delightful dinner party at the home of Mr. and Mrs. Selma Macdonald last to honor the club president, Miss Olive Adsett, who left Wednesday for Winnipeg where she has taken a course. During the regular meeting Mrs. Adsett was presented with a lovely crystal clock stand. The club also voted \$100 towards the United Church bazaar fund, the first subscription for that purpose. Two very good reports were given by the W.M.S. convention delegates, Misses Olive Adsett and Lorne Kenzie.

The Red Room will most likely be closed down on March 15th, until next fall. Anyone wishing to get books or supplies please to phone up the house, 718.

Mr. and Mrs. J. Rann were up from Medicine Hat last visiting old friends and relatives. While up they purchased a farm east of town for the late Rann.

The Knox Ladies' Aid will meet at Mrs. Hilker's next Thursday, March 8th, at 3 p.m.

Another sign of spring: H. T. Rann has introduced a car of seeds this week.

The Menzies Club is to be commended for their business enterprise in procuring a fund for a much needed fund for the United Church.

This is better food. Don't fail to visit at M. T. H. and examine the best feeding mill on the market. Also expert advice and more insurance.

May McFarlane, of Stonybridge, has constructed another feeder, but fortunately only a mild case. The Stonybridge School has been from last and will be closed for at least a week.

Mr and Mrs J. P. McCluskey entertained at a community party at Mr and Mrs M. Neilson's Fri last. A large crowd was present, cards and dancing being enjoyed. Mrs. Perry and P. T. Parls won the first prize, with consolation going to Mrs A. McCurrah and Fred McCluskey.

There was a large crowd at the initiation of the Hills' Lodge Monday night, the Three Hills being down in full force. Fifty-two members joined locally and it looks as though a strong useful lodge will be able to assist and foster a better community spirit, which is the watchword of the Order. Local officers and officials were elected, and we will try and publish a full list of these next week.

Bringing Home the Bacon

The Three Hills Curiers covered themselves with glory when they went down to Calgary last week and captured the big, magnificent McDonald Cup, a trophy which is most congenitally considered throughout the province.

It is a marvellous work of art, and loaded magnificent and imposing as it was carried shoulder back from the capstan out to the main truck, in which the victors were paraded around town.

A big, noisy crowd was down at the depot Friday to welcome the boys home, and the procession of cars and trucks made the liveliest racket up Main street since last fall.

The cup, placed on exhibition in the window of the Three Hills Hardware and now in Three Hills from the Victoria Curling Club of Calgary, is subject to any challenge within 24 hours of winning, and should Three Hills will be invaded by contenders seeking to carry away the beautiful trophy.

Messrs. McCougherty and McKinlay shipped the Three Hills champions, and the scores were reported as a very close keen contest, the victory only being secured with a margin of three points. With the ships as above, Clarke Hordley, Bates, Simmon M. Coningham, and K. Han made up the local team.

We regret to report that Hildeman went Tuesday night and took the cup away. It is better to have loved and lost than never to have loved at all. It was up-and-down all the way Monday. McCougherty was carried against Samis and McKinlay against Munton.

At last week's meeting of the Village Council and of the School Board, Mrs. Young headed to her resignation as secretary-treasurer. This came as a distinct surprise to everyone, and it will take some little time to adjust our minds to thinking of either the Village or School without thinking of Mrs. Young. We did not like to be too inquisitive, therefore turned our best wishes, trusting they would fit in to any event.

EDWARD BOTHERLEY

After a lingering illness, Mr. Edward Botherley died at the home of his son-in-law and daughter, Mr. and Mrs. Arthur Evans, on Saturday morning, March 31. The deceased was born in Peterborough, Eng., eighty-eight years ago and has resided in Canada for forty-seven years, since which were spent in Ontario. He was married at Innisfail in 1892 where he lived until 1912. From there he moved to Vancouver where his wife died in 1913. Mr. Botherley lived in Vancouver until 1916 afterwards spending two years in Hamilton and four or five at Long Beach, Calif. In consequence of failing health he came three years ago to live with his daughter, Mrs. Evans. Mr. Botherley has been quite helpful for a long time and Mr. and Mrs. Evans were regretting in their attention to him.

A short service was held at the Patton Undertaking Parlor by the Rev. R. C. Achison after which the remains were removed for interment in Vancouver.

The following sons and daughters are left to mourn his loss: Albert of Long Beach; William of Los Angeles; Clem of B.C.; Edward of Calgary; Charles of Three Hills; Wm. J. Holden of Creston; Mrs. M. Williams of Calgary; and Mrs. Arthur Evans of Three Hills.

—

Mr. O. Anderson demonstrated the best ranging qualities of this district when combined with good aim. Last week he shipped a four-year-old steer which weighed, in town here 1800, only shrinking 10 pounds at Calgary. It fetched \$10 per lb. the highest price this year.

All stores in town will be closed tomorrow, Friday, and will be open as usual on Monday, viz. the banks, which will close Monday also.

Three Hills on the map, but we

suspect it is not any better for

local trade.

As far as the Village is concerned

farmers are now quite safe in

driving into town without getting

stock. The streets have all been

gravelled and all mud holes filled

up.

Spring is active very much like

last year. Last week fields and

roads were driving up, when another

fall of water put us back to the

good old winter time.

The Board of Trade met with

a very fair attendance Monday

night, and discussion and conversation

covered a wide and extensive

range of subject.

J. M. Long has sold his farm to

Audie McKibbin.

The Village Council met Monday

evening, when the question of

streets and fire apparatus was discussed. A motor truck is being considered to mount the chemical engine on.

from bed, bare floor, with cut strips of Japanese stalling went to the middle down to the thresholds. But Helmi was not left unaided without some gleam of Christmas, for Ilona and Danny who were going to the Airtrain, Army Chaitala that night, went stopping down the hall.

"Army in a motorcar, no crib for a bed,"

The Little Lord Jeems laid down
His covered head,

and it brought to Helmi's mind the

God, who in mercy, and wisdom
 govern the world, would never have
 suffered so many nations, and human
 beings, to perish in the most vir-
 tuous and virtuous men, but that He
 intends they should be the ministers
 of comfort, the nursery of virtue,
 the mercies of wisdom, the trial of pa-
 tience, the venturing for a crown, and
 the reward of glory. *Johnny Taylor*

A NEW LINE of McCORMICK-DEERING TRACTOR and HORSE DRAWN DISC PLOWS

No. 12 TACTOR DISK. This new plow, built for the most rugged class of tractor service, is made in 4, 5 and 6 disc sizes. Automatic tilting. Thriftful roller bearings, practically eliminate friction and wear, with a great saving of power. The power lift is the simplest, most durable ever made. All through the construction is heavier and stronger than the most severe conditions will require.

No. 18 HORSE DRAWN DISC. Here is a new disc plow offering you everything you ever hoped for in a plow. Not necessary to tear the frame apart to make a change. Width of cut adjustable 7 to 10 inches. One-piece frame, high-lift, easy control. Light draft, can be converted to tractor plow.

EMERSON-BRANTINGHAM

5 to 10 FOOT DISC PLOWS

But an experiment—This had been developed from the famous Emerson-Brantingham tractor-disc plow and disc harrow having a substantial saving due to the power to thousands of farmers by a radical design that meets every requirement. Its 10 to 10 foot tractor discs, 40 to 50 feet, deliver a surface and thoroughly in a minute depth, leaving the furrow bottom perfectly flat.

The Great Plains Plow is ideal for preparing seed bed for small grain, corn, sorghum and wheat, and for leveling, smoothing, breaking, cutting out old weeds. It will suit any of the superior features of the E & B Great Plains Plow demonstration. There is nothing like it!

Three acres of Perfect Seed Bed for cost of 1.

A HOME OF INDIVIDUAL CHARM

To be the owner of a
Distinctive Home is not a
question of "How Much
Money" but largely a mat-
ter of good plan, plus the
ability to select a happy
color combination.

This year plan to make
your home radiate happi-
ness, content and pros-
perity.

STEPHENS PAINT not only beautiful but gives lasting
protection. It is the first choice of hundreds of particular home
owners who have from experience that it withstands exposure
for longer than cheaper brands.

For lack of the Stephens label are 60 years of paint making
experience and thousands of the most rapid tests
Let us quote you by the job; it will cost you no more for
paint as you may think. Stephens Bore Bore has proven this
best bare point on the market.

BOARD OF TRADE

The Board of Trade held its reg-
ular monthly meeting Monday last
with a very good attendance. The
meeting was held in the local in-
terest were discussed. With the
closing of the tax return last week
a great deal of discussion was
waged at the enormous increase in
the amount of taxes demanded this
year and the matter was thorough-
ly discussed. The general opinion
seemed to be that the school was
taking far more than its reasonable
share out of the revenues of the
town. It was pointed out that
with the ever increasing number of
pupils seeking admittance, still
further expenditures would soon be
necessary unless something was
done to curtail the already heavy
cost of operation. Particular par-
ents were mentioned in this regard
as to the extravagance of teaching
grades 11 and 12 university work,
when younger pupils were being
drawn admittance. The utility and
need of readjustment of teacher's
salaries was also mentioned and
a committee was formed to
meet the trustees and arrange for a
meeting of representatives, when the
whole situation might be carefully
considered.

Another matter brought up was
the need of improving the streets
leading to the elevators and also
the facing of lights to facilitate
seeing in of grain at all times dur-
ing the night.

Improvements are to be made
this summer down at the depot.
The platform is to be raised and
extended and an unloading plat-
form for freight built.

A change in the time and route
of the Calgary Bus Service took
place this week, the bus now stop-
ping around by Stoneyvale instead
of Silver Springs, and making the re-
turn trip the same day. The new
time card appears on another page.
Also a dinner, which was given
Friday in the east, had the misfor-
tune to lose his barn by fire. The
fire was started by light-
ning and burst to the ground, for-
tunately nothing inside except barn
was being destroyed.

The Mirror Journal and the Del-
aware Independent, two new local
weekly newspapers have recently
commenced under the management
of Melville Leathley.

Mr. L. F. Cross was the proud
recipient of a watch and chain from
the members of the local board, in
recognition of his long and faithful
service as leader.

A rather serious accident occur-
ed at the home of Mr. and Mrs. W.
Sandeman last Saturday night,
when their eleven year old son,
Leonard, was caught in the belt of
the chopping machine and whirled
around. He received severe bruises
and his head was very badly cut.
The heart made a quick trip, and
after stitching up the wound, the
little fellow appears to be progressing
all right.

WHEAT POOL MEETING

A special meeting of the Wheat
Pool delegates was held in Calgary
last week. The portmanteau divided
was discussed and it was decided
to pay back the profits of our ele-
vators and terminals to those who
put their wheat through our own
busses. Those who loaded over the
platforms or shipped their line ele-
vators, but who shipped to the Port
terminal will also share in these
profits. The portmanteau divided
for the 1925 crop will be estimated
and paid in advance with the
initial payment. It is also proposed
to pay to a bus, more on the initial
payment for the 1926 crop to those
who deliver to a bus elevators from
Dec. 15 to Jan. 15, and an addition
of 1c a bu. from Jan. 15 on. This is
an additional remuneration to
those who wish to use their own
elevators and will want to do so.

The marriage took place on Wednesday, June 27th of Miss Ellen Burke (eldest daughter of Mr. and Mrs. E. Burke and Mr. Thomas Manning, youngest son of Mr. and Mrs. Loop Manning all of Three Hills, where the young couple will reside.

The Village School Board held their regular meeting Friday last Miss Alice Babson was engaged to teach grades 6-7-8. The school will open again on Sept. 4. J. Manning was appointed janitor for the classroom in the town hall.

A public meeting will be held in the Lyric Theatre to discuss Friday, at 8 p.m. for the discussion of the weed problem and allied cultural subjects. Speakers: Mr. F. S. Grisdale of the O.S.A.; Mr. Bell field supervisor, and the local seed inspector.

The first consignment of harvest combine arrived for the local L.H.C. agency last week. It looks as if this favorable growing weather continues, so it is quite a few of these time-labour saving machines will be needed in this district.

One of the cheapest electric stoves passed over Three Hills last Friday evening accompanied by a heavy downpour. The only damage reported was the electric lights put out of service at the north end of town.

Carlton to the south, and Trucha north were celebrating Dominion Day, and a good many left our quiet graceful town. The Three Hills band was up to Trucha, providing music and helping liver up the south-bound train.

Mr. C. Nieman, of Calgary, is up spending the week with his son, Ed Nieman.

HAIL

On account of the extremely heavy hail losses during the past few years, quite a number of the companies are only accepting \$5 per acre this year. We have made arrangements to place any amount you may wish above this, in fact we have no limit, as we have some of the largest companies on the continent.

If you do not have the cash to pay premiums, it may be possible for us to arrange for you till fall at the cash rate.
 Your whole year's work depends upon the successful harvesting of your crops. Considering the splendid conditions our crops are now in, hail is about the only enemy that will likely do us much harm. It costs no more to insure early than late.

Protect your crops now and sleep easy.
 Phone us on your requirements at any time of the day or night. We arrange protection, and you may settle when you come to us.

The Immigration Problem

Probably no single measure affecting the arrival of immigrants to Canada has caused more heated discussion in recent months than the subject of immigration. It has been debated in cabinet assemblies, House of Commons sessions, in Parliament and large cities, in the press, in the public opinion. Questions have arisen and answers suggested, the problem has been moved around, and it has been suggested that the Government is advised and urged to adopt the policy and their policy now so mutually exclusive.

On the one hand there are those who maintain that only those immigrants who will engage in agriculture should be allowed to enter. On the other hand, there are those who maintain that only those who are able to find work in the cities and large centres of population should be admitted. Others would have the doors wide open to all classes providing only that they must be healthy, well educated and able to find work, and would be able to pay for their own transportation.

There are those who would draw a purely racial line of demarcation. They would exclude the so-called "yellow" races, they would have the doors wide open to all classes providing only that they must be healthy, well educated and able to find work, and would be able to pay for their own transportation.

The Government is said to hold only agriculturalists should be admitted into the Dominion, and then only provided they are all the white race, of certain religious faith, but from British Isles, and speak the English language. Provided they are of British descent, such immigrants might also be admitted to Canada from the United States.

To begin with, the Government under the British flag and the religious support for that standard British Empire, history of commerce will encourage or refuse any man by immigration based on the religious convictions of the individual or on the basis of the race of the individual.

The great mass of the Canadian people will not be prepared to declare to the world that Canada was an English Empire.

It is equally true that an overwhelming majority of the people of Canada are of British descent, and that the bulk of the immigration to Canada is from the British Isles. Every possible effort is put forth to attract immigrants from the British Isles. Every possible effort is put forth to attract immigrants from the British Isles.

Liquor Problem in Alberta

Not many weeks ago the liquor problem in Alberta was the subject of a special session of the Legislature. It was then that the Government announced its intention to prohibit the sale of liquor in the province. The measure was passed by a large majority, and the Government has since been working to put it into effect.

A business deal of considerable importance was completed last week when Mr. Frank Alenworth purchased the butchering business of Leveaux & Robb, taking possession on the 7th of the month. Mr. Robb, who has purchased a meat and packing plant at Bottler, has built up a splendid business here, and Mr. Alenworth is to be highly congratulated on his purchase. The four lots north of Bottler's have been secured, where Mr. Alenworth will erect a house.

These Hills Chautauque will be held Aug. 11th to 15th, and the committee are now busy getting ready for the big time. The program appears to be an excellent one, and the season tickets are already in good demand.

We regret to report the death, just a few days ago, of Mr. E. W. Bond, who passed away at the Three Hills hospital on Monday evening at 6:30 p.m. The funeral is being held to-day, Thursday, at 2 p.m. in the Presbyterian Church, between the 10th and 11th streets. The musical service will be held in the Church on Sunday evening.

Having sold their property at Three Hills, Mr. and Mrs. W. A. Cunningham have returned to Three Hills and will occupy their home north-west of town.

Clearing-out Auction Sale at the farm of Frank Alenworth, near Three Hills, August 10th. Horses, Cattle, including some first class with cows a full line of farm machinery, and some furniture. Also two complete threshing outfits all ready for work, which will be sold one-third cash, balance arranged to suit purchaser.

An early cow, a horse, a lamp and an impatient nature were the causes of the world's greatest conflagration! On the night of Oct. 8, 1871 in a combustible part of Chicago this infamous cow kicked over the lamp that started the blaze that destroyed homes, fortunes and human life. The heart of the metropolis was consumed; almost two million dollars in property destroyed. None of the owner companies collected. Losses in the world! Proposal To Build Tunnel Under The English Channel Is Again Receiving Serious Consideration

PARIS, June 10. (AP)—The proposal to build a tunnel under the English Channel, which has been discussed since 1802, is again receiving serious consideration. The project, which would connect the British Isles with the European continent, has been revived by a group of French engineers and businessmen. They claim that the tunnel would be a great boon to the British Isles, as it would provide a direct route for goods and passengers between the two continents. The project has been discussed for many years, but it has always been considered as a pipe dream. However, the recent proposal is more serious than ever before. It is now being considered by the French government, and it is expected that it will be put to a vote in the near future. Take a Ride and you will know

ONE of the most spectacular achievements in automotive history is the manner in which today's "Bigger and Better" Chevrolet is increasing its margin of leadership as the world's largest builder of automobiles.

Come, take a ride! Learn the reasons why people prefer Chevrolet.

Know Chevrolet performance! Wherever hills are steep, the fame of the Chevrolet motor is greatest, because it is built on the valve-in-head principle, which provides all the power advantages of overhead direct firing.

Chevrolet's delightful smoothness is achieved by the use of lower-curve alloy pistons, and by the accurate balancing of reciprocating parts.

Chevrolet flashes out and away when you open the throttle because it offers the advantages of high lower-curve pistons, large valves, and a camshaft equipped with an acceleration well.

Come, take a ride—today!

HONORS FOR GHOST PINE COUNCILLOR

P. J. Rock Wins Calgary Board of
 Trade Cup and the Hoadley Cup
 for Best Field of Wheat in Alberta

Mr. P. J. Rock, of the Ghost Pine
 district, east of Three Hills, is the
 winner of the challenge cup offered
 by the Calgary Board of Trade for the
 best standing field of wheat in the
 province from Red River south. The
 award was made by W. J. Stephens,
 field crop commissioner of Alberta,
 who then had to make a decision
 between the field of Mr. Rock's and
 that of Mr. Scott, winner in the
 northern half of the province, for
 the Hoadley Cup for the best field
 of wheat in Alberta. Thus, we are
 proud to report was also won by
 Mr. Rock, who is to be highly con-
 gratulated on his brilliant success.
 The Capital joins with the rest of
 the community in extending to Mr.
 P. J. Rock our heartiest congratula-
 tions.

The first load of new wheat went
 to the P. & H. elevator on Monday
 last, from H. Hughes, north west
 town. It was cut with the new
 weather two weeks ago, and com-
 bined by Ralph Dan, starting up
 Monday morning. It was bound,
 but according to Mr. Hughes, it look-
 ed like a No. 2, Garnet, and per-
 fectly dry. Gottlieb Schaffer also
 hauled in to the same elevator the
 first load of new oats last Thursday
 grading Extra 1 feed, weighing 424
 pounds per bushel.

A rather nasty car accident oc-
 curred just west of town on the
 north road on Thursday evening.
 Mrs. Andrew Anderson and family
 were driving home in a light truck
 behind Mr. McKinnon in his Pon-
 tiac. He suddenly remembered he
 had forgotten his gun, and turned
 to go back to town. The truck
 crowded into him, demolishing the
 fenders and breaking the front
 wheels, etc. of the truck. Fortu-
 nately no one was hurt.

Gottlieb Maerz was painting his
 big barn last Saturday morning,
 and, happening to look up, he saw
 volumes of smoke rolling down
 from the roof on the other side.
 His barn was burning up above
 which he painted it down below.
 There was a team inside which he
 could not unlatch, and what he
 thought one horse to make him stay
 out, there was no time to save an
 old car inside. There was nothing
 much else in the barn except about
 15 tons of new hay in the
 loft, and some think it was that
 which started the fire, as no other
 cause could be found. There was
 some insurance on the building.

Mr. Geo. Davis has certainly made
 a wonderful transformation at the
 Three Hills Hotel. It is now one
 of the best and most conveniently
 appointed on this line, an ambition
 which Mr. Davis had when taking it
 over, but which was most unfor-
 tunately interfered with by the ser-
 vious illness from which he is now
 happily recovering. New furnish-
 ings, carpets and redecorating has
 transformed the upper floors, whilst
 the removal of partitions, and the
 consequent enlargement of the
 rotunda, which has been furnished
 with full city conveniences, has
 turned the first floor into a real
 first-class business and family
 room. With the excellent dining
 room service, another ideal of Mr.
 Davis', our hotel will soon become
 the Mecca of travellers and busi-
 ness men in these parts, as may be
 already seen by the long string of
 cars lined up in front at almost
 any time during the day and night.

Another car accident occurred
 Saturday evening about six miles
 west of town whilst Jim Christensen
 was driving into town with
 his wife in a light truck. Mc-
 Nee the end of a culvert, the car
 turned over, pinning Jim McNee
 underneath. He was brought into
 town, and was attended to by the
 doctors. Besides a badly lacerated
 hand, his body was badly crushed,
 though no bones appeared to be
 broken.

Yields have been very good. The last we have heard is that a field of Redwings, which of Jim Wright's which went 50 bushels per acre.

A rather serious accident occurred on the Highway near Thursday last when a piece of the road fell in on a Hamilton, fracturing his skull. He was taken down to the Calgary hospital.

Three accidents last night gave the fire brigade a run last Thursday morning. One of a little more serious damage was done. The house for a real minute in the two years in summer time, and a woman has a real relief from risk and worry. If necessary, we can send to us either an ash pit or a receptacle of snow bank, until the job was handled over.

An unfortunate fire accident occurred at Mr. Kew's a week ago. A straw rack happened to catch fire in an effort to save the grain in a grain early close by a truck belonging to a Calgary driver, was back up. Unfortunately, an explosion of gasoline occurred on the truck, and it the grain, and the grain was all destroyed.

The Broken Truck case, arising out of the collision of their trucks last week, was heard at Tuesday, when Mr. Tanke brought suit against Mr. Brinson. A J. Robertson appeared for Mr. Brinson, and J. P. Ferguson for Mr. Tanke. The case was dismissed.

Mr. P. Rafan is erecting a new warehouse at the rear of the bakery. His increasing business now requires the purchase of floor by the rail.

"The Plug Lieutenant," a big British marine production with plot, action and drama, to be shown at the Lyric Theatre under the auspices of the Mermaid Club. Watch for the date, and be sure to see this big picture.

A rather severe fire occurred out at Mr. Wolfe's farm Thursday last. While threshing barley into a grainery a fire was started, thought to be from the engine, which quickly spread to the grainery. As Mr. Wolfe was alone and the fire was in danger of spreading across the field, a call for help was sent to town. The grainery was destroyed but most of the grain was fortunately saved.

Three Hills

January 1st saw another mile stone successfully passed in the history and development of Three Hills, which on that date became elevated to the dignity of a town. With no celebration was held, no fireworks, and Main St. looks just about the same as ever as we all feel proud of our new place of residence. The increase in the number of councillors will make for better and more thorough handling of the numerous duties involved in the town's management throughout the year.

While our borrowing powers for public improvements will still be limited by the total of the assessment roll, greater facilities will be found under the new status for the funding of the necessary improvements which will be required in the near future.

The tendency in this past has been for all towns to rack up heavy expenditures, thus crippling themselves for many years to come. But Three Hills commences the new status with an absolutely clean sheet free from debt.

Building Activities—1923

The past year has been one of the most progressive in the way of building operations that Three Hills has ever known. The following list of new buildings and enlargements, indicate a very healthy condition of progress.

Two new elevators, Main Grain Co. and The Home Grain Co. have each built making a total of eight elevators here. Another addition, The British American, has been built. One new school building, constructed on Main St. now owned by Mrs. F. D. Bell, has been erected. A kitchen shop has also been erected so as to let the O. R. Johnston on ship.

The following new residences make an imposing list for 1923: C. H. Howley, large stone house 5 1/2 acres, 5 mile trail. H. T. Home, stone bungalow. J. E. Beatty, stone cottage. A. Manning, 3 room house. Robt. Grant, cottage. Robt. Work, 4 room house. S. Maple, house. Geo. Dean, 5 room house. J. Buchhe Jr., 5 room house. Cottage for Mr. Ames, manager of the McLean elevator.

The following buildings were erected in from the country: Mrs. Currie and Mrs. Hudley, home. Frank Johnson, home. C. H. Brown, house.

The following remodeling and extensions to residences were made by:

A. J. Robertson, E. P. Nieman. J. E. Huxley, R. Colburn.

King United Church basement. An additional teacher has been required, making a total of six teachers, with a register of 210 pupils.

The death of Mrs. William Sanders, west of Three Hills, occurred Friday last, at the Old Hospital from an attack of influenza. The funeral service was held at Olds on December 30 conducted by Rev. F. O. O'Neil. Interment took place at the Lutheran cemetery. Rev. F. Sullivan officiated at the service at the graveside. Deceased leaves beside her husband, one young child. Her parents, Mr. and Mrs. Joseph Corbett, reside at Bowden.

The Elvira Co-operative Assoc., whose ad appears on another page, are at present handling live stock from Dalhousie to Three Hills. At an early date the name of the Assoc. will be changed to one descriptive of the district served.

Mr. and Mrs. Henderson, Mr. C. Kennedy, Mrs. Henderson, of Nanton, some last week with Mr. Mrs. Dunlop.

CURLING NOTES

Mr. McLean's risk of Acme carried off the Yellow cup Wednesday last when they played the A. W. McKinley risk, who was the cup last night. It was a close game, the last risk being by only two or three points on the last end.

On Saturday night's Realwell risk was up for a friendly game, playing A. W. McKinley's risk. We were required, not to mention the score, so I guess we won't.

MAY I take this opportunity of thanking our many Best customers for their business during 1923, and to wish them

It begins like this (heard once in a poping, bubbling song like a miniature version of "Swanee Song"):

"Dear, dear, dear," he called sweetly.

"Dear, dear, dear!" cried Camie. As she clapped her hands in approval "I've been trying to find the music for this song. Lady, but this is the best I can do. You well."

She made out clucking noises as she sang. "Dear, dear, dear, dear, dear, dear!"

The publisher flattened close to her side to peck back a yellow paper. He held a piece of a tell-tale, pointed his pretty head and looked up at her with highly shining eyes.

"Dear, dear, dear," it sang again like new with characteristic wavy motion in a clump of white feathers.

Angie looked up at the mother's admission as if he had been told the story of the fall of Troy. He told the girls (beckoning of his mother's hands and raised eyebrows) and she and his white friend were seated with him. The mother, a cooped lawyer, and a Miss Pettit rose on their bright eyes. The beautiful young stretched slightly and then, countering reading a story, a vignette from his mother's life, as we are his pain.

Andy knew before he returned, his hand clamped violently as he placed the child's tenderness on the ground. "You're dead," he said, and in a moment that transpired, "it's a whole man, and 'bye's where you can't see me, and you have to give all the love."

He returned his coat and three to his from him. Through a window, Andy saw the grating pressure grower drive his arms in the air, a noticeable posture of defiance. **He read out, Andy's mouthed him.**

Nominations for First Town Council.

The election of the first town council for the new town of Three Hills has been a great deal of interest and quite a number of local business men are seeking the honor of sitting on our progressive town's board of managers and school trustee board.

The nomination meeting was held Monday last and a very busy session took place. For the mayor there are two candidates Messrs. J. J. Wilber and A. Sinclair. For the council board of whom are required, the following have accepted nomination: Messrs. T. J. Kelly, C. P. McDonough, Geo. Hage, S. J. Robertson, F. Ainsworth, I. B. Chatham, E. Johnson, J. F. Clark and B. Shortland, the latter withdrawing after accepting nomination on for school trustee. Geo. Hage also withdrawing. Mr. C. H. Hage being the retiring school trustee this year, he has been accepted nomination. Two additional trustees are also required and the following were also nominated: H. J. Murray, L. H. Robertson, R. Shortland, Wm. Young and A. J. Robertson.

CANDIDATES' MEETING

With the very largely increased interest being taken in the first town council, the desire seems to be general that candidates should be given an opportunity before election day of meeting the people and talking over plans and proposals for the coming year. It is very apparent to be a very good suggestion, not only for the future good of those elected but also assisting ratepayers to make a decision and also selection. This year will no doubt be a very important one in the history of the town and an opportunity should be seized to get away by a good start with a good Council and School Board.

The Board of Trade have taken the matter in hand, and are now calling a meeting tomorrow night, Friday, at 8 p.m. in the Lyric theatre, at which all candidates will be present and to which all ratepayers are invited to attend.

Messrs. Hunter & McNabb took over the Ford Garage Feb. 1st and are preparing plans for improvements to their property in expectation of a large business this year. Their first load of goods was being unloaded yesterday. Mr. C. S. McNabb, who has been with the Ford Motor people of Calgary, is already busy here and Mrs. McNabb will move up from Calgary as soon as they can get a house. Mr. Hunter will move up in about a month's time. The capital town with the rest of the community is extending a hearty welcome to Messrs. Hunter & McNabb to our district.

There will be an Ice Carnival and bonfire ball game at the local rink on Friday evening, Feb. 15th.

William O. Brinson, an old time settler of Three Hills district, passed away at his home in Penitence, B.C. on Jan. 22nd, 1929. (Increase) was born in Indiana June 15, 1859 being 70 years of age. He was married in 1879 and resided in the U.S. until 1902, when he came to Alberta, homesteaded here. He joined the Baptist Church when nineteen years of age. His connection with the Oldfathers' Lodge has also been of long duration, being a member for forty years. The funeral was held on Jan. 28 at the Baptist Church, Rev. W. H. Hume officiating. From the Church the Oldfathers' took charge of the service, interment taking place in Penitence cemetery.

Besides his wife, the late Mr. Brinson leaves to mourn his loss, four sons, Edgarson of Penitence, Lemmitte of Pseudland, George of Louisiana, John of Three Hills, and a daughter, Mrs. Mansfield of

COUNCIL MEETING

The Town Council held their regular fortnightly meeting in the Secretary's office on Monday evening with all members present except on time, and his Workshop in the chair. Other detail business was again possible, so, until the assessment roll is completed, the school requisition and the estimates of the more or less unaccountable expenditure in, the new undertakings such as water, sidewalks, etc. can not be gone into. An alarming stack of bills was presented, big and little, which had accumulated from various sources since the first of the year. It was beyond the power of the council to consider each separately at one sitting, and so they had been arranged by the Secretary, they were all passed *in bloc*.

Messrs J. Buckner and P. Dano were present with a request for the return of the day. In view of the fact that the day is now, in order to put the driving business in motion, a better look of security. The council were however, adverse to two things, namely, the creation of a monopoly and the creation of trouble for themselves. The matter was left over for further consideration.

An application was in for building permit from P. Armstrong for two sections of a cottage, on the acre lot next to Wimmer's, north, and a somewhat lengthy discussion took place on the question of building restrictions, so as to preserve the esthetic value of good property already created. The proposal was granted, but it was decided to take the subject into consideration at once. Many other matters were touched upon in passing, indicating plenty of work for the council during the coming year.

HOCKEY

The closest hockey game of the season was played off Thursday when Martin was over to play the visitors. Three Hills had an unexpected record and Martin had lost only one game to Drumbell. Both teams fought hard for the toss with two minutes overtime, but they were too well matched, the game ending 1-1. The one goal for Three Hills was shot by J. Parker. F. Johnson, acted as referee. The ice was soft and it is no little thing to be very sure games for awhile. Three Hills line-up was: C. Taggart, forward, A. Schreiner and J. Thompson, defencive, G. Jenkins, J. Ellis and G. Wimmer, forwards, H. Blais, J. Parker and P. McNeel, goalkeepers. This was the tenth game for Three Hills, all previous games being won by the home team.

Last of five of autumn! Nature gives us a last glimpse of autumn for each of the flowering season. Flowers of every hue may be seen through the woods and fields. The grass is green yet just, blue and pink for July, and during August royal robes of gold and purple color the hills and valleys.

In *South America*, he was named *Spot* they were named *White* and *Black* and another was named *Red* and *Gold* was the most plentiful; they were dressing themselves in a new set of feathers for their long flight to the south. The tops of the tall grass were filled with the sound of their wings, their long and sad, wing tracks and their short flights. A host of warnings had gotten for the migration. They would not leave for some time yet, but the change had come from the North. The birds had begun creeping south by easy stages, taking plenty of time in their journey—the forest crooked that day, staying or going as they felt inclined.

SPRING TIME IS 'PLAYALL' TIME

With the advent of spring weather you can't and don't want to remain your children indoors. Nature beckons them outside to go gay.

You don't wish your children to wear their best clothes at play and you want them to look clean and dapper. PLAYALL is the garment for that.

We have just received a consignment of children's Playalls. These Playalls are made of the finest material and are a guarantee of merit for producing the best looking and best wearing garments.

Remember that at the time of springing the weather is not so packed with makes it impossible to wear heavy clothes. But you may rest assured that your children in the sun and smart looking garments will be the envy of the crowd.

COUNCIL MEETING

The Council held its regular meeting Monday evening and decided a batch of routine business.

The case of Frank R. Watson, a harvester from B.C., was brought up. He had been found in a shack suffering from pneumonia and was sent to Trout Lake hospital. He has relatives in B.C. and an effort will be made to have them accept the responsibility of caring for him.

An amendment to the building by-law was put through. It gave the town to block 12, from the first corner.

Frank Atkinson asked for a permit to move a stable to the back of his butcher shop, which was refused.

T. S. Manning asked for permission to erect a house on his lot on 14th Ave.

R. Harrison Bess asked for permission to erect a house on his lot on 14th Ave. A motion was passed to allow him to erect a house on his lot on 14th Ave. The motion was carried 8-1.

The B.C. Institute convention closed was the most successful held by the institute. It was well attended with an exceptionally large number from mining districts.

At the convention on the sum of \$2500 was assigned for mission enterprises. At the graduation exercises the following students received their diplomas:

Misses Laura Granger, Myrtle Bradley, Elmina Johnston, Mildred Olson, Geraldine Williams, Minnie Allanward, Mrs. Reed, Mrs. Houser, Miss Phillips, Miss Carpenter, Miss Hooper, Miss Korns, Miss Haines, Miss Winters, Mrs. Anderson, Nancy Smith, Mrs. Thomas, Donald Old, Mrs. Davidson, John Montgomery.

One of the biggest crowds ever turned out to see the Blue Rovers dance Monday evening, and many were the remarks heard in regard to the need of a bigger, suitable hall.

Under the auspices of Three Hills Band, at the Lyric, on Wednesday, April 10th at 8 pm Lew Goff and Helen Fragle in "BEAU BROADWAY" and "Red and Blue" songs.

Adults, 50c; child, the parent's.

Mr and Mrs C. H. Bethlehem returned Monday, after a long visit in California.

Spring is here and the bluebirds are back. Farmers have been working on the land for the past two weeks, and a good many are to start seeding this week.

The following normal students of this district are taking a week's teaching practice at the various rural schools: Allen Manning, at Manor, Mary Nesbitt at Turin, Doris Culbert at Three Hills rural, John Schuchert at the Three Hills Ridge, Naomi Barclay at Crestside, Tom Boushey at Mr. Tuttle's school near Huxley.

The Native Presbyterian Sunday school conducted an Easter program. The children sang and recited psalms and hymns. Dorothy Alexander Read received her certificate for bible memory work.

The marriage took place Tuesday, April 2nd, of Miss Nellie Williams and Mr. D. J. Robson, at Lethbridge, South Calgary. Miss Williams is well known here.

On Saturday, April 27, under the auspices of St. Nicholas Guild there will be a Tea and sale of fancy work, home cooking, and candy in the L.O.O.F. hall. Every body is welcome.

The curling club will bring to a close the season's activities by attending the curler's reunion conducted by the Chaplain of the club, Rev. A. R. Schrag, Sunday night at the United Church.

Rev. Duncan McLeod, from Vermilion, will speak in the United Church on Thursday night at 8 p.m. Mr. McLeod is a wonderfully interesting speaker and it is earnestly desired that the friends of Three Hills and district will come out to hear him.

SAFETY

PROTECTION to driver and passengers has been a vital consideration with Ford engineers. The body is all steel and the windshield of shatterproof glass. Large windows and small pillars give unobstructed vision. A fully enclosed six-brake system grips with silent power under any headway. Three quarter irreversible steering responds to the lightest touch while the steering wheel remains rock firm and unaffected by rough road conditions. A one-piece gasoline tank is insulated from the engine by a solid steel dash.

THREE HILLS PHONE 33

This has been a strenuous week of wind storms, fire alarms, etc. Three fires and a false alarm in one week is all together on our nerves. Selfishness went down the drain when the fire bell again rang. Not long afterwards, during the fire in the old mill. The call came in from the telephone at the house, a corner of the engine room was burning. This was not the first fire in the mill and then it was seen that a fire had started near the fire in the mill. A check to the south end over against the truck was soon refused to go. Instantly a shout, extinguishing any other part of the mill. The letter to be been lucky than such. There were two firefighters in the mill, the truck was not so lucky. One saved most of his things, but the other lost all his clothes, his truck and \$350 in cash.

Every body was badly fainted Friday evening last practice night when the fire bell was rung just as one was through supper and he got into his car. The fire bell was rung and he got away nothing until he passed the way in which the crowd gathered at the fire bell. But there was nothing in sight. Lady had again disappeared. After waiting some time in a sort of confusion of the streets a group of Santa Monica's head gear on the little red dog was returned to her wall was caught one quickly got back into his car and quickly stole home. However it was a good practice for the folks and they would certainly have seen the fire if there had been one.

Go's a mighty funny game: I never got it right. You buy a ball for ninety cents and find it out of sight. You hunt in woods and thorns; and find it in its den, and take a club and try to knock it out of sight again.

THREE HILLS, ALTA.

At the home of their eldest son, Mr. F. M. King, of Glene Pine, on Friday, July 30, Mr. and Mrs. O. King, of Regina, celebrated the occasion of their golden wedding anniversary.

Some twenty-five relatives and friends gathered in a room prettily decorated for the occasion with flowers, kindly given by Mr. Tackley. The table was covered with a beautiful blue cloth and the dinner a very appropriate address was given by Mr. Fred King, followed by the presentation of a purse of gold in the honored couple by Miss Mary Turner, youngest grandchild present. Trusty speeches were made by members of the party, wishing continued health and happiness to the bride and groom of fifty years.

These were followed by a reasonable recognition on the part of Mr. and Mrs. King for all that had been done in the evening. Many friends called and a happy time was passed reviewing old acquaintances, meeting new friends, and with music.

The following relatives were present: Mr. and Mrs. Fred King, Misses, Eva, Norman, Gordon, Melvin, Irene, (Widow); Mr. and Mrs. Duncan Scott (Aunt) of Red-

mont, and son Howard, Mrs. H. Robinson (Aunt) of Victoria; Her husband, Mr. and Mrs. O. M. New (Widow) and Helen and Henry of Peterborough, Mr. and Mrs. H. M. Turner (Marion) and Mary of Regina, Mr. and Mrs. L. Miller (Lucy) of Regina. Not least of the guests was Mrs. Hattie Todd of Lethbridge, Ont., only daughter of the deceased son, Mr. and Mrs. H. B. King, and family of Truro, Sask. and Mr. and Mrs. Robt. Storey and family of Vancouver.

The family consisted of nine children, eight of whom are living. Mr. David, eldest daughter having passed away in 1926. Mr. King is a retired employee of the C. P. R. since 1927. Both are still very active and enjoying exceptional health and it would appear that many years of married life will be enjoyed by them.

The home of Mrs. Wm. Swan was the scene of a wedding shower in honor of Mrs. Gerald Simons, now Mary Gordon. About fifty friends were present. The gifts were brought in in a basket by little Christine and Jimmy Ruffin. At the close a lovely meal was served.

Harvest will commence in this district made of a week or ten days. In spite of frost, drought and heat and hail, there will still be a little here and there to harvest. Those who did a little rearing down in Calgary a few months ago will reap the biggest harvest, and so there talk about it rather.

Mr. John Frame brother of Mrs. Jm. Todd, is visiting here from Scotland.

There was a big crowd out to Kevers Sunday coming off in the lake. A good start has been made in the erection of the new pavilion and the new road into the beach has been opened up.

Mr. and Mrs. Hagen and family of Banff, are visiting with Mrs. Hagen's sister, Mrs. D. J. Witwer.

The basement of the new addition at the Bible School has been closed over and it is expected that it will be finished in time for the Bible Conference next week.

Best Lee, went of town, had the malpractice to break his leg during the mud storm last week. A heavy load blew off a tank and struck him.

Mrs. Hicks is here from Regina, visiting her sister, Mrs. Robertson.

Regular meeting of United Free T. F. A. will be held at Lumsden School next Tuesday evening. Mrs. Heyburn, U. F. A. director, will give an address. Social time, All welcome.

Mrs. Alice Todd, of Turner Valley, visited her sister, Mrs. Martin Davis, over the week end. Mr. and Mrs. Davis and family are moving down to Turner Valley where Mr. Davis expects to get work.

FOOD SALE

The Presbyterian Ladies' Guild will hold a Food Sale in Mrs. R. D. Bell's Store on Saturday P.M., August 3rd.

With the terrible experience of Vancouver fresh in our minds, it might be worth while to take stock of our own position in Three Hills in the matter of fire danger during wind storms. Thanks to the Town Council we are now well fixed for a town of this size for dealing quickly with any ordinary out-break of fire, but in the case of wind storms such as we have been having lately, and which may blow up at any time of the year, an apparatus is of very much less use, but for fire-fighting and a few regulations strictly enforced can minimize the danger. It makes one shudder to think what we did happen to Three Hills with our solid blocks of wooden buildings, if a fire got started in a bad storm, and it is with that in mind alone, and not to pick at us to dictate to any one, that we offer to all humbly, a few thoughts that have materialized during the past few weeks. The Council cannot do very much without the willing co-operation of every one.

First, are we not, in the matter of the disposal of waste paper, exhibitor, by picking, etc., brightly inflammable stuff, worse off than ever? It is put out at the rear of premises to be blown around and scattered around by boys working fire-fighting.

Then the fire chief or inspector receives sufficient support in a regular check up and immediate enforcement of all orders?

Would it not be safer, when a wind storm blows up, and everybody disappears indoors, at once for a patrol to watch the most dangerous points, particularly at night time.

Prevention and care, prevention and care does not cost much, but can save untold suffering and loss. It is the luxury of late years, the shack, from behind which the noble set Waterfront shames, still stands whilst the town lies in ruins.

The Mayor, D. J. Witwer, was given the opportunity of reading the foregoing before being published, and he heartily endorses the ideas intended to convey, and indicated that it is his intention to bring the matter of fire protection again before the Council at the next meeting.

Laudable Movement Has For Its Object the Interpretation of British and Canadian Music

There has been a movement in the United States to bring to the attention of the American public the music of the British Empire. The beginning of this movement was the organization of the British Music Society in New York. This society was organized by a group of Americans who were interested in the music of the British Empire. The society has since been organized in other cities, and it is now a national organization. The society's object is to bring to the attention of the American public the music of the British Empire. It does this by giving concerts of British music, and by publishing books and records of British music. The society has been very successful in its work, and it is now a national organization. It has many members, and it is growing all the time. It is a laudable movement, and it is one that should be encouraged.

Culpable Negligence

It is tempting to go over one's wrong, and one of the responsibilities of government is to protect people against themselves, not only for their own safety but for the safety of others. When one can see the error in one's own way of thinking, one of the best developments in the science of past years by the Government is to make it possible for the authorities to know the possibility of accidents at level crossings (crossings are always dangerous, but with the advent of the motor car and the speed means of railway drivers, the death and serious loss have become very common).

In many cases the accident is caused by the fault of the railway authorities. During the past year there were reports of at least six of these accidents. In some cases the fault was due to the fault of the railway authorities. In some cases the fault was due to the fault of the railway authorities. In some cases the fault was due to the fault of the railway authorities.

When Co-operation Should Prevail

The 1930 crop season in Western Canada would seem to present a more favorable picture than that of any other year in the history of the West. It has been such a profitable and satisfactory season for Western farmers that the last three days of the year are being spent in the planning of the next year's crop.

When it may be said that the 1930 crop season in Western Canada would seem to present a more favorable picture than that of any other year in the history of the West, it is not only true but it is also true that the 1930 crop season in Western Canada would seem to present a more favorable picture than that of any other year in the history of the West.

It is a tragedy of the history of the West that the 1930 crop season in Western Canada would seem to present a more favorable picture than that of any other year in the history of the West.

New Policy For Producers

Producers of the West are being asked to consider a new policy for the production of their crops. This policy is being proposed by the government and it is being asked that the producers of the West should consider it.

RHEUMATIC PAINS

Group of Canadian Scientists To Study Resources of Frontier Districts To Aid the Pioneer

Considerable interest has been shown in the study of the resources of the frontier districts of the Northwest Territories. A group of Canadian scientists, including geologists, biologists, and other specialists, are planning to study the resources of these districts in the near future. The study is being conducted by the Canadian government, and the results will be made available to the public.

Ghost Pine News

Mr. John Ruggles is here from Montreal to settle his business interests here and visit old friends and neighbors. Since Mr. and Mrs. Ruggles left here in 1925, and spend the summer in Quebec and winter in Bermuda. Mr. Ruggles is staying with Alfred Pearson, just now.

Mr. Joliet, who is on Mr. Ruggles' farm, is moving to Toronto, and an auction sale of the machinery and stock is to be held Sept. 25th.

There was quite a racing time at Mr. Malika's one night last week when Mike Jr. attempted to fill a small can from 20 gals. of gas while smoking a cigarette. A few sparks fell into the gas, causing an ex-

ploded. Water was poured on but it only spread the flames, and soon burned itself out. It happened near the barn, but did no damage. Kind of early for Halloween, no it? Malika.

Law Boles has had quite bad luck with his stock this summer. Last week one his pure bred Cider mares was found dead by a straw stick. Her sister has adopted her three month-old colt. Then in the spring Mr. Boles lost a good cow.

Mr. L. Manning is up at Hardy's, at the home of her daughter Mrs. West, who is in hospital with severe bronchitis. Her baby died last week and the little boy is sick with a mild attack of parainfluenza.

Mr. H. P. Madden returned on Tuesday from Brooks, Alta., where he attended the funeral of his nephew, W. B. Mallory, who was accidentally killed while out about his Tuesday work. He was crawling up after ducks, dragging his arm behind when it went off, the charge passing through his head.

Mrs. Long, second victim of the railway crossing accident, passed away at the Truett hospital Monday morning, at the age of 54. She was getting along nicely until contracting pneumonia on Saturday. Mrs. Long and her nephew had been visiting from New Brunswick for the past month. She leaves a daughter in N.B., a nephew in Calgary and one sister and three grandchildren. The remains are being sent to New Brunswick.

ANNOUNCEMENT

Miss M. B. ROBERTSON has taken over the La Marche Beauty Parlor, and respectfully solicits a continuance of your patronage.

Phone 22 for appointment

Henry Datto and Albert Lee are moving Mr. McMahon's farm from town to Erickson, near the lake, but not far from Leiston, Idaho.

Mr. H. R. Bann, who has not heard of his mother, was taken to Truett Hospital Monday.

A new landing plant is being installed at the Hope Garage.

On Saturday, Oct. 5 there will be a Sale of Home Cooking under the auspices of St. Bernadine Guild at Mrs. Bell's store.

Mr. T. J. Kelly returned this week from his long trip and visit to the States.

The Presbyterian Service Sunday was taken by Mr. Ruyter, a student minister of Lacombe, Alberta. Mr. Achenson held Communion service at Lomax and Prensille.

A joint meeting of the Pross, W.M. and Ladies' Guild was held at the home of Mrs. W. Harte. There was a very large attendance. Mrs. F. Talbot, pres. president. W.M. gave an interesting account of the work in hospitals and school homes. A solo was nicely rendered by Mrs. Schroyer, accompanied by Mrs. H. Don. Tea was served by the hostess, Mrs. Wm. Ellis, and Miss Achenson. A very liberal collection was given towards the work of the W.M.S.

Mr. and Mrs. Christian have moved next south of J. J. Robertson's and Mr. Stickle will move again into his own home this week.

E. R. McLean, B.O. of Anderson & McLean, Sight Specialists, 308, 8 ave., w., Calgary, will make a professional visit to Three Hills on Monday, Oct. 7.

Wednesday Half-Holiday Ends

It has been decided amongst the business men to abandon the half holiday from this week forward for the present season.

There will be a Sunday school where instruction is to be given at the Church at 10 o'clock this morning afternoon 2 p.m. when the Rev. Mr. Hester, rector of the Anglican Church of St. John's, will give a lecture on the "Life of Christ" on the "Life of Christ" day school convention. Mothers and fathers will be present. The lecture is non-denominational, and anyone interested in Sunday school work is invited to come. Those from outside will come during the afternoon and the ladies of Three Hills will provide tea and coffee. Mr. Hester will arrive at the church at 10 o'clock in the afternoon. Mr. Hester is a member of the St. John's University at Kingston.

A new teacherage is being built at the Three Hills Ridge school, now nearly completed.

Mr. J. C. Wright has bought a farm near Beaver, and will be moving over this week. He has rented his farm here to Jim Morgan.

Mr. Elmer Simpson, who has been down east the past few years, is returning shortly to his farm just east of town.

Mr. W. H. Smith, brother of Mr. Frank Peterson, passed away at St. Asaph on Monday last. He was brought home from B.C. a short time ago, after having injured in a horse-ramp. The funeral is to be held today, Wednesday, at 10 o'clock, taking place at St. Asaph.

Communion services will be held in the Presbyterian church at St. Asaph and Three Hills next Sunday, Oct. 6th. New members please come early.

Work is proceeding rapidly with new construction at the Bible hotel, so he is required for the increased enrollment of students this fall. The dormitory building is growing into a fine imposing structure.

Threshing is about all cleaned up all over this district now.

A very large number both from towns and country attended the funeral service at the Presbyterian Church on Wednesday afternoon, for Mark Reed, whose untimely death was recorded last week. There were many sincere mourners besides the mourning family and relatives, and the floral offerings were very beautiful. Rev. B. C. Anderson, his pastor, conducted the service, offering consolation and hope to the bereaved; a quartette was given by Mr. and Mrs. George Somersville and Miss and Mr. Otto Mueller, and Mr. Mueller gave that beautiful solo, "Face to Face." It is most complete rendering. The funeral took place at the Ghost Pine Cemetery, close by where his father and mother are lying. Mr. A. B. Patton having charge of the funeral arrangements. The pall bearers, all old friends of deceased, were: Geo. Somersville, Hugh Weston, Robert Campbell, Vera Huskey, Stanley Davidson, Walter Dawes.

Mrs. Robt Campbell is leaving this week for her old home in Glasgow, where she will spend the winter.

Mr. John Somersville has purchased a new Ford coupe.

Mr. Archie Wedell is having a five-room bungalow built and the work is progressing rapidly.

Philip Rock, son of P. J. Rock, is attending St. John's University.

A dance is to be held this Friday at the Bay Coulee school.

Mrs. Gaudin, sister of Mr. W. Tuckman, left Monday for her home in Iowa.

Miss Anna Mueller, who has been visiting her brother at Ghost Pine, left Monday for Portland, where she will attend high school.

Mr. J. F. Lister, who has been visiting his son Gordon, has left for his home in Vancouver.

Markets For Western Products

The story of the marketing of the grain of the western provinces of Canada is a long, complicated one. It involves the production of the grain, the transportation of it to the market, the marketing of it, and the distribution of it to the consumer. It is a story that is of interest to all who are interested in the grain industry of Canada.

There was great interest in the marketing of grain in the early days of the present century, but it was not until the early years of the present century that the grain industry of Canada began to develop. It was then that the grain industry of Canada began to develop, and it was then that the grain industry of Canada began to develop.

It was then that the grain industry of Canada began to develop, and it was then that the grain industry of Canada began to develop. It was then that the grain industry of Canada began to develop, and it was then that the grain industry of Canada began to develop.

The grain industry of Canada has developed rapidly in the past few years, and it is now one of the most important industries of the country. It is an industry that is of great importance to the country, and it is an industry that is of great importance to the country.

VICKS VAPORUB

The Vapors and Highway Traffic Act, 1924, Amendment Act, 1929, requires that every operator operating a motor vehicle shall secure an operator's or chauffeur's license and shall at all times while driving carry same. A penalty is provided for failure to produce such license when demanded by an officer.

It is necessary, owing to the number of motorists who persist in driving without license, that the police be instructed to require the production of these licenses from time to time.

This law has been passed in the interests of safe driving, and the production of a license is the only proof of ownership of one.

Carry your license at all times and avoid inconvenience and prosecution.

Application cards may be obtained from any Alberta Police Officer, Clerks of the Court, dealers in motor vehicles, or from the postmaster in any town or village, and when completed should be forwarded to the Motor Vehicle Branch Office at either Calgary, Lethbridge or Medicine Hat, or to the Office of the Deputy Provincial Secretary at Edmonton.

The Problem of Narcotics

The evil of narcotics is one that strikes both directly and indirectly at the health of the nation.

There are about 4,000 drug addicts, or dope fiends, as they are more commonly called, in Canada. They consume, and there is no other way of saying it, about this vast amount of drugs every day.

The danger from the drug is not in the fact that it is a drug, but in the fact that it is a drug which is so powerful that it can make a man a slave to it. It can make a man a slave to it in such a way that he will do anything to get more of it. It can make a man a slave to it in such a way that he will do anything to get more of it.

The four main drugs that have been used in Canada are opium, morphine, cocaine and heroin. Opium is the most common of these drugs. It is a drug which is so powerful that it can make a man a slave to it. It can make a man a slave to it in such a way that he will do anything to get more of it. It can make a man a slave to it in such a way that he will do anything to get more of it.

Morphine is another drug which is so powerful that it can make a man a slave to it. It can make a man a slave to it in such a way that he will do anything to get more of it. It can make a man a slave to it in such a way that he will do anything to get more of it.

Cocaine is a drug which is so powerful that it can make a man a slave to it. It can make a man a slave to it in such a way that he will do anything to get more of it. It can make a man a slave to it in such a way that he will do anything to get more of it.

Heroin is a drug which is so powerful that it can make a man a slave to it. It can make a man a slave to it in such a way that he will do anything to get more of it. It can make a man a slave to it in such a way that he will do anything to get more of it.

Again to compare the drug habit with the liquor habit. It takes years of regular drinking before a man becomes a regular drunkard. But it takes only a few days of regular use of drugs before a man becomes a regular addict. This is a fact which is very important to remember.

The danger from the drug is not in the fact that it is a drug, but in the fact that it is a drug which is so powerful that it can make a man a slave to it. It can make a man a slave to it in such a way that he will do anything to get more of it. It can make a man a slave to it in such a way that he will do anything to get more of it.

Germany is preserving its old habit of drinking beer. It is a habit which is so powerful that it can make a man a slave to it. It can make a man a slave to it in such a way that he will do anything to get more of it. It can make a man a slave to it in such a way that he will do anything to get more of it.

The danger from the drug is not in the fact that it is a drug, but in the fact that it is a drug which is so powerful that it can make a man a slave to it. MITCHLER - TATE

A very beautiful and impressive marriage ceremony was performed in the Three Hills Town Hall on Sunday morning, Dec. 1st, when Edwin, youngest daughter of Mr. and Mrs. Christian Tate, was united in marriage to Mr. Geo. Mitchler, Rev. C. C. Frohman, M. L. officiating. Misses Esther Mearns and Bertha Tate acted as bridesmaids while the bridegroom was supported by Fred Tate and Fred Bookha. After the ceremony about sixty guests sat down to a sumptuous wedding dinner at the home of the bride's parents.

The young couple are well known in Three Hills and many friends wish them every happiness and success. They will reside in the home opposite Mr. LeRoy's.

Hunter - McNabb Motors

The Christmas school concert at the Manor school was a wonderful success. The musical numbers were splendid, especially those of Irene and Edith Crab and Evelyn Johnson. "The Keys of Heaven" a sketch by the very small children brought down the house. Really a wonderful concert, the best yet. The kiddies in the audience evidently overheard by the chairman's speech, were very quiet all evening. The teacher, Miss Montgomery, and those who assisted deserve great credit, not forgetting the children too. Among the entertainers present were Clarence Crawford, Albert Ansell and Jess McCollin.

The following Normal students are home from Christmas for the holidays: Misses Edith Murray, Maymie Ticker, Mrs. Keith and Raymond Burke. The teachers spending the holidays home here are Miss Alice Manning, Doris Colbourne, Mary Nesbitt and Tom Rowbar. University students from Edmonton are Otto Ruffin and Ralph Schrag; and from Calgary business college, Miss Mabel Hesse and Donald Dan.

GRAVELLED ROADS

Figures recently given out from the Dept. of Works at Edmonton indicate that the cost of road gravelling has worked out at between four and five thousand dollars per mile. This includes, we understand, running the gravel through a crusher to break up the rocks too large for laying on the road.

Whether the cost in this district would run to that amount it is difficult to say. There are several good gravel pits in the district, and with truck haulage an extra mile or so doesn't make a great deal of difference.

As has already been announced, the Government proposes to pay one half of such cost on the main market and trunk roads, and at the January meeting of the local Municipal Council the new s.s. road work will likely be discussed.

The experience so far has been that merely scum as a little dirt towards the centre of the road and then leaving it to take its luck has not got us very far. A job half half done is usually not done at all and often better left alone altogether. Our time and cost and not being a thing like this.

To do very much gravelling would be too great an expense to be taken out of general revenue, I suppose, but by the issue of debentures the cost could be extended so that the annual tax would be very light. Meanwhile the heavy cost are less consequent on other impossible roads to market would be met by the farmers of the district.

Whether the farmer is prepared to erect on building a gravelled road we don't know but there can be no doubt that if it is going to mean a direct saving of business expense, the average farmer is long headed enough to see the advantage and vote accordingly.

Smoking forests or smoking chimneys—

WE CAN'T HAVE BOTH

Over one-half of all Canada's industries depend on wood as a raw material. When the forests are destroyed mills must close down, railway carriages must suffer, trade must stagnate and prosperity must vanish.

Issued by authority of
Honourable Charles Stewart,
Minister of the Interior.
